If it shall appear to the Magistrate that the person who has agreed to cultivate the Indigo plant is still able to perform his contract, the Magistrate shall order him specifically to perform the same, and shall also in such case award a certain sum to be paid as damages as an alternative. If agreement obtained by force or intimidation, complaint to be dismissed.

IV. If any complaint preferred under this Act be dismissed for want of proof or appearance of the complainant, or for any other cause, the Magistrate may order the complainant to pay such amount for costs and compensation as he may think reasonable. In default of payment of any such amount, the same may be levied by distress and sale of the property of the person ordered to pay the same.

THE 31ST MARCH 1860.

THE following Bill, as read a third time this day, is published for general information :—

A Bill to enforce the fulfilment of Indigo Contracts, and to provide for the appointment of a Commission of Enquiry.

Preamble.

WHEREAS it is expedient to issue a commission of enquiry into the practice of Indigo planting in Bengal and the relations between the Indigo Planter and the Ryots and holders of land in Bengal, and to make temporary provision for enforcing by summary process the execution of agreements entered into for the cultivation of Indigo plant; and better to provide for the punishment of certain unlawful acts connected with such cultivation; It is enacted as follows :—

Magistrate may on complaint, issue summons for appearance of a person who has received a cash advance and delays or neglects to fulfil his agreement.

I. If any person who has received a cash advance upon his agreement to cultivate Indigo plant during the season now current, shall wilfully delay or omit from and after the 4th day of April 1860 to cultivate according to the conditions of such agreement the whole quantity of land which he has agreed to cultivate, or otherwise to fulfil his engagement, it shall be competent to the Magistrate to entertain a complaint made to the above effect on oath by the Planter who has made the advance, or by any person on his behalf, and to summon the person complained of to appear before him in order to the investigation of the complaint preferred. If the Magistrate has reason to believe that the person complained of will not appear in obedience to the summons, he may issue a warrant for the arrest of such person.

Remedy.

II. On hearing the answer of the person complained of, and on taking such evidence as both parties may adduce, if the complaint be established to the satisfaction of the Magistrate, the Magistrate shall assess a certain sum as damages sustained by reason of the breach of the contract. If it shall appear to the Magistrate that the person who has agreed to cultivate the Indigo plant is still able to perform his contract, the Magistrate shall order him specifically to perform the same, and shall also in such case award a certain sum to be paid as damages as an alternative. In cases in which the land to be cultivated with the Indigo plant is defined by the agreement, the Magistrate may order the attachment, as a security for the amount of the damages assessed or to be assessed for the breach of the agreement, of any other crop of the defaulter that may at any time during the present season be growing on such land. If after an order for specific performance of agreement the defendant fail to perform the agreement or to pay the amount of damages ordered to be paid as an alternative, or if after an order for payment of damages the same be not immediately paid, the Magistrate may order the defendant to be imprisoned in the Civil Jail for a term not exceeding three months; and may on the motion of the complainant furthermore proceed to levy the damages assessed from the property of the

defendant, in the mode provided for enforcing decrees of Court under Act VIII of 1859 *(for simplifying the Procedure of the Courts of Civil Judicature not established by Royal Charter)*. Provided that if the amount of the said damages is paid or levied within the aforesaid term of three months, the defendant shall be released from Jail on that amount being paid or levied.

Proviso.

III. In case it shall appear to the satisfaction of the Magistrate that the agreement has been obtained by means of fraud, force, or unlawful intimidation, the complaint shall be dismissed.

If agreement obtained by force or intimidation, complaint to be dismissed.

IV. If any complaint preferred under this Act be dismissed for want of proof or appearance of the complainant, or for any other cause, the Magistrate may order the complainant to pay such amount for costs and compensation as he may think reasonable. In default of payment of any such amount, the same may be levied by distress and sale of the property of the person ordered to pay the same.

In what cases Magistrate may levy costs and compensation from complainant.

V. If any person from and after the 4th day of April 1860, shall by violence, threats, or otherwise intimidate or attempt to intimidate any other person who shall have entered into any such agreement as aforesaid, with the intention of inducing such person to break the conditions thereof, he shall, on conviction before a Magistrate, be liable to a sentence of imprisonment with or without labor for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both, such fine being commutable, if not paid, to a further period of imprisonment not exceeding six months.

To His Excellency the Right Hon'ble the Governor General of India in Council.

My Lord,

Your Military Letter No. 76, dated 11th June 1859, forwarding Memorials from certain Members of the Medical Service, and an appeal from the head of the Medical Department in Bengal against the provisions of the Royal Warrant of 1st February 1859, has received my attentive consideration.

2. In compliance with your urgent request, I have undertaken the revision of the Royal Warrant above referred to, the promulgation of which in India has been deferred by your Government pending the present reference; but the subject required very careful consideration, and involved correspondence with other Departments of Her Majesty's Government, and hence a considerable

delay has unavoidably occurred in replying to your letter.

3. I have now, however, the gratification to announce to you that Her Majesty, being desirous, as far as possible, to assimilate the designations and ranks in all branches of the Military Medical Service, has been pleased to issue a fresh Warrant, equalizing in all respects the rank of the Medical Officers of the Indian Armies with that fixed for the British Medical Service in the Royal Warrant of 1st October 1858.

4. The grades of Assistant Surgeon, Surgeon Major, Deputy Inspector General and Inspector General are now on precisely the same footing as to designation and relative rank in both Services.

5. But the designation of the Officers now styled "Directors General of the Medical Department" in each of the three Presidencies is changed to "Principal Inspectors General," and the Officers holding these appointments will, in accordance with the practice in the British Service, take Army rank as Inspectors General, according to their standing in that rank.

6. The retention of the designation now held by these Officers is strongly advocated in your Despatch, but after mature consideration, Her Majesty's Government have decided, that it is inexpedient to continue to the three Officers at the head of the Medical Departments of the Armies of Bengal, Madras and Bombay, the same title which designates the Officer selected to control the whole Medical Department of the British Army in all parts of the World.

7. Before entering on the discussion of the other subjects of complaint brought forward by the Medical Officers of the Indian Service, I must observe that the object of the Royal Warrant of the 1st February 1859 was not to regulate the pay or retiring allowances of the Medical Department, but to fix the rank and precedence relatively to those of the British Army. This object has now been attained, in a manner which will, I trust, be satisfactory to the Indian Medical Service, to every grade of which it has secured additional relative rank.

8. I proceed to notice in detail the subjects brought forward in the letter addressed to you by Dr. Forsyth, the Principal Inspector General of Bengal:—

1st. It is observed that your Government have offered no recommendation on the various subjects connected with promotion, effective allowances, furlough pay, and retiring pension, brought forward in the Memorials. The consideration of these subjects is deferred for the present, but will be taken up in connection with the question of the re-organization of the Army.

His propositions were—

1st. "That the Medical Officers of "Her Majesty's Indian Forces may be "placed, in point of all advantages of "relative rank, furlough pay, and retir- "ing allowances, and in all other res- "pects, upon a perfect equality with "those of Her Majesty's British Forces "serving in India."

2nd. This subject has been disposed of in the earlier paragraphs of this Despatch.

2ndly. "That the Director General "of the Medical Department and the "Inspector General of Hospitals may "retain their present designations; that "the Director General shall rank as "Major General for appointment; that "the Inspector General shall rank as "Colonel; that the Superintending Sur- "geon shall receive the designation of "Deputy Inspector General, ranking on "appointment with Lieutenant Colonel "and with the Deputy Inspector Gene- "ral of Her Majesty's British Army "after five years' service in India in "this rank as Colonel."

3rd. In Lord Stanley's Despatch, dated 1st June 1859, No. 187, paragraph 21, you have been informed that Her Majesty's Government are disinclined to alter, in this respect, the provisions of the Warrant. So long as seniority is the invariable rule of promotion to substantive rank in the other branches of the Service, it is considered desirable to maintain the same principle in the Medical Department, distinguished services being rewarded, in all branches alike, by Brevet promotion and the Order of the Bath.

3rdly. "That in cases of distinguish- "ed service, Assistant Surgeons may be "promoted to the substantive rank of "Surgeon, as in Her Majesty's British "Army, without reference to seniority."

4th. In accordance with the sanction conveyed in Lord Stanley's Despatch, No. 189, dated 1st June 1859, (paragraphs 18 and 19), the two years of Medical practice in the rank of Surgeon, qualifying for promotion to a higher grade, may be performed either in the Civil or Military branch of the Service.

4thly. "That two years of exclusive "Military duty in the rank of Surgeon "may not be required to qualify a Me- "dical Officer of that rank for promo- "tion."

5th. On this subject I would refer to my remarks under the first head.

5thly. "That Medical Officers now "in the Service may be at liberty to "retire, either upon the existing rates of "pension, or upon those laid down in "the Warrant of 1st October 1858, for "the Medical Officers of Her Majesty's "British Army."

9. 150 Copies of the revised Warrant * are transmitted to your Government by the present Mail.

* Dated 13th January 1860.

I have, &c.,
(Signed) C. Wood.

Whereas, we have taken into Our consideration the recommendations of the Commissioners appointed by Our authority to inquire into the Regulations affecting the sanitary condition of Our Military Forces and the Medical treatment of the sick and wounded of Our Army; Our Will and Pleasure is, that, from and after the date of this Warrant, the following Rules shall be established for the future admission, promotion, and relative rank and allowances of the Medical Officers of Our Indian Military Forces, and that by these rules Our Governor-General in Council, and the Governors in Council of Madras and Bombay respectively, shall be governed.

1. The grades of Medical Officers in Our Indian Military Forces shall be four in number, *viz.*:—

1. Inspector-General.
2. Deputy Inspector-General of Hospitals.
3. Staff or Regimental Surgeon; who, after twenty years' service in India in any rank, shall be styled Surgeon-Major.
4. Staff or Regimental Assistant-Surgeon.

2. No Candidate shall be admitted to the competitive examination for a Commission in the Medical Department of Our Army who does not possess such a certificate or certificates as would qualify a Civilian to practice Medicine and Surgery.

3. No Assistant-Surgeon shall be eligible for promotion to the rank of Surgeon until he shall have passed such examination as Our Principal

Secretary of State for India in Council may require, and shall have served in India with the Commission of Assistant-Surgeon for five years, of which two shall have been passed in or with a Regiment.

4. A Surgeon, whether on the Staff or attached to Regiments, must have served ten years in India, of which two must have been passed, with the rank of Surgeon, in or with a Regiment, or as a Civil Surgeon, before he will be eligible for promotion to the rank of Deputy Inspector-General of Hospitals.

5. A Deputy Inspector-General of Hospitals must have served three years in India before he shall be eligible for promotion to the rank of Inspector-General.

In cases, however, of emergency, or when the good of the Service renders such alteration desirable, it shall be competent for the Governor-General in Council to shorten the several periods of service above mentioned, in such manner as he shall deem fit and expedient.

6. Assistant-Surgeons shall, as a general rule, be promoted to the rank of Surgeon in the order of their seniority in the Service, unless unfit for the discharge of their duties from physical or professional incompetence or misconduct. In cases of distinguished service, however, an Assistant-Surgeon may be promoted by Brevet, without reference to seniority; and in such cases, with a view to insure the responsibility attaching to an appointment made out of the regular course of promotion, the recommendation in which the services of the Officer shall be detailed shall be published in the General Orders of our Indian Military Forces, and in the *Gazette* in which his promotion appears.

7. All promotion from the rank of Surgeon to that of Deputy Inspector, and from the rank of Deputy Inspector to that of Inspector, shall be given by selection for ability and merit; and the grounds of such selection shall be stated to Us in writing, and recorded in the Office of the Secretary of State for India in Council, the selection for the grades of Deputy-Inspector being made from the whole rank of Surgeons, whether styled Surgeons or Surgeons-Major.

8. With a view to maintain the efficiency of the Service, all Medical Officers of the rank of Surgeon-Major, Surgeon, or Assistant-Surgeon, shall be placed on the Retired List when they shall have attained the age of 55 years, and all Inspectors-General and Deputy Inspectors-General when they shall have attained the age of 65 years.

9. The relative rank of the Medical Officers of Our Indian Military Forces shall be as follows:—

Staff or Regimental Assistant-Surgeon as a Lieutenant, according to the date of his Commission; and after six years' service in India as Captain, according to the date of the completion of such service.

Staff or Regimental Surgeon as Major, according to the date of his Commission; and Surgeon-Major as Lieutenant-Colonel, but junior of that rank.

Deputy Inspector-General as Lieutenant-Colonel, according to the date of his appointment.*

Inspector-General of Hospitals as Brigadier-General, according to the date of his appointment; if with an army in the field, or after three years' service in India as Inspector-General, as a Major-General, from the date of his joining such army in the field, or according to the date of the completion of such service.

10. Such relative rank shall carry with it all precedence and advantages attaching to the rank with which it corresponds [except as regards the presidency of Courts-martial, where Our Will and Pleasure is, that the senior combatant Officer be always President], and shall regulate the choice of quarters, forage, and prize-money. But when a Medical Officer is serving with a Regiment or Detachment, the Officer commanding, though he be junior in rank to such Medical Officer, is entitled to a preference in the choice of quarters.

11. Medical Officers shall be entitled to all the allowances granted to Our Indian Military Forces on account of wounds and injuries received in action, as combatant Officers holding the same relative ranks.

12. Their families shall, in like manner, be entitled to all the allowances granted, under existing regulations, to the families of combatant Officers holding the same relative ranks.

13. Medical Officers shall be held entitled to the same honors as other Officers of Our Army of equal relative rank.*

14. A Medical Officer, retiring after a service in India of twenty-five years and upwards, may, if recommended for the same by the Head of his Department, receive a step of honorary rank, but without any consequent increase of Pay.

15. Six of the most meritorious Medical Officers of the Army shall be named My Honorary Physicians, and six My Honorary Surgeons.

Given at Our Court at Windsor, this thirteenth day of January 1860, in the Twenty-third year of Our Reign.

By Her Majesty's Command,

CHARLES WOOD.

Fort William, the 21*st March* 1860.

The following Resolution is published for general information:—

Extract from the Proceedings of the Government of India in the Financial Department, dated 16*th March* 1860.

READ a letter from the Government of the North-Western Provinces, No. 124A., dated 17th ultimo, with enclosures, submitting for consideration and orders a question connected with the allowance of Captain Fanshawe, of the Post Office Department, and proposing a general rule to hold good in similar cases.

Read also a report from the Civil Auditor, Fort William, No. 825 of 29th ultimo, on the above subject.

RESOLUTION.—Captain Fanshawe, who originally held the appointment of Inspecting Post Master, Meerut Division, was subsequently appointed Post Master and Superintendent, Workshops, at Allyghur, the salary of the two Offices being however the same, *viz.* 400 Rupees each per mensem.

2. After his nomination to Allyghur, Captain Fanshawe also continued to discharge the duties of the Meerut Division, and the question now submitted for consideration is what allowance he is entitled to draw for performing the duties of two appointments.

3. Captain Fanshawe claims the full salary of his substantive and a moiety of the acting appointment, the claim being supported by the Post Master General, North-Western Provinces.

4. The Agra Civil Auditor suggests that as a general rule to hold good in similar cases, when an Officer holding a permanent appointment is required, by the exigencies of the State, to discharge the duties of another or second Office (not subordinate to his own), he shall receive a moiety of the salary of the appointment in which he is officiating, in addition to the full salary of his own appointment, provided that no extra expense be entailed on the Government.

5. In submitting the case, the Government of the North-Western Provinces remarks—"As the Post Office Department is entirely under the control of the Government of India, the Lieutenant-Governor can give no decision on this question, but refers it to His Honor in Council for disposal, both as regards the particular case and the general suggestion."

6. On this reference the President in Council is pleased to approve the rule proposed by the Agra Civil Auditor in similar cases not otherwise provided for under the established rules, and also to direct that Captain Fanshawe's case be settled in accordance therewith.

Ordered, that a copy of the foregoing Resolution be sent to the Government of the North-Western Provinces in reply to the letter above adverted to.

Ordered also, that a transcript of the Resolution be sent to the Departments,* Governments,† and Officers‡ noted in the margin, for information and guidance.

Ordered also, that the foregoing Resolution be published in the *Official Gazette* for general information.

Above its Entrance in Ganges ...	5	6	Just now the Ganges is lower at the Head of the Bhaugiruttee than it has been for many years. The narrow Head and Upper Shoal Channels of the latter River, passing through high sand banks for four miles below the point of debouchment, have been shallowed by large and continued sand drifts, and owing to the very unusual lowness of the Ganges, there is not a sufficient Head or Stream into the Bhaugiruttee to drift away the loose sands in its bed or to lower the same.

Legislative Council of India.

THE 31st MARCH 1860.

THE following Bill, as read a third time this day, is published for general information :—

A Bill to enforce the fulfilment of Indigo Contracts, and to provide for the appointment of a Commission of Inquiry.

Preamble.

WHEREAS it is expedient to issue a commission of enquiry into the practice of Indigo planting in Bengal and the relations between the Indigo Planter and the Ryots and holders of land in Bengal, and to make temporary provision for enforcing by summary process the execution of agreements entered into for the cultivation of Indigo plant; and better to provide for the punishment of certain unlawful acts connected with such cultivation; It is enacted as follows:—

Magistrate may on complaint, issue summons for appearance of a person who has received a cash advance and delays or neglects to fulfil his agreement.

I. If any person who has received a cash advance upon his agreement to cultivate Indigo plant during the season now current, shall wilfully delay or omit from and after the 1th day of April 1860 to cultivate according to the conditions of such agreement the whole quantity of land which he has agreed to cultivate, or otherwise to fulfil his engagement, it shall be competent to the Magistrate to entertain a complaint made to the above effect on oath by the Planter who has made the advance, or by any person on his behalf, and to summon the person complained of to appear before him in order to the investigation of the complaint preferred. If the Magistrate has reason to believe that the person complained of will not appear in obedience to the summons, he may issue a warrant for the arrest of such person.

Remedy.

II. On hearing the answer of the person complained of, and on taking such evidence as both parties may adduce, if the complaint be established to the satisfaction of the Magistrate, the Magistrate shall assess a certain sum as damages sustained by reason of the breach of the contract. If it shall appear to the Magistrate that the person who has agreed to cultivate the Indigo plant is still able to perform his contract, the Magistrate shall order him specifically to perform the same, and shall also in such case award a certain sum to be paid as damages as an alternative. In cases in which the land to be cultivated with the Indigo plant is defined by the agreement, the Magistrate may order the attachment, as a security for the amount of the damages assessed or to be assessed for the breach of the agreement, of any other crop of the defaulter that may at any time during the present season be growing on such land. If after an order for specific performance of agreement the defendant fail to perform the agreement or to pay the amount of damages ordered to be paid as an alternative, or if after an order for payment of damages the same be not immediately paid, the Magistrate may order the defendant to be imprisoned in the Civil Jail for a term not exceeding three months; and may on the motion of the complainant furthermore proceed to levy the damages assessed from the property of the defendant, in the mode provided for enforcing decrees of Court under Act VIII of 1859 *(for simplifying the Procedure of the Courts of Civil Judicature not established by Royal Charter)*.

Proviso.

Provided that if the amount of the said damages is paid or levied within the aforesaid term of three months, the defendant shall be released from Jail on that amount being had or levied.

If agreement obtained by force or intimidation, complaint to be dismissed.

III. In case it shall appear to the satisfaction of the Magistrate that the agreement has been obtained by means of fraud, force, or unlawful intimidation, the complaint shall be dismissed.

In what cases Magistrate may levy costs and compensation from complainant.

IV. If any complaint preferred under this Act be dismissed for want of proof or appearance of the complainant, or for any other cause, the Magistrate may order the complainant to pay such amount for costs and compensation as he may think reasonable. In default of payment of any such amount, the same may be levied by distress and sale of the property of the person ordered to pay the same.

Penalty for intimidation, &c.

V. If any person from and after the 4th day of April 1860, shall by violence, threats, or otherwise intimidate or attempt to intimidate any other person who shall have entered into any such agreement as aforesaid, with the intention of inducing such person to break the conditions thereof, he shall, on conviction before a Magistrate, be liable to a sentence of imprisonment with or without labor for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both, such fine being commutable, if not paid, to a further period of imprisonment not exceeding six months.

Penalty for destroying or damaging crops.

VI. If any person shall maliciously destroy or damage, or if any person shall maliciously command, compel, or persuade any other person to destroy or damage any growing crop of Indigo, he shall, on conviction before a Magistrate, be liable to be sentenced to imprisonment with or without labor for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both, such fine being commutable, if not paid, to a further period of imprisonment not exceeding six months.

No Appeal.

VII. No appeal shall lie from the decision of a Magistrate under this Act.

Jurisdiction.

VIII. The power of a Magistrate under this Act may be exercised by any person vested with the full powers of a Magistrate, and by any Assistant Magistrate or Deputy Magistrate specially empowered on that behalf by the local Government.

Effect of decision of Magistrate under this Act.

IX. A decision of a Magistrate shall be a bar to any further proceeding for the same breach of agreement. No decision under this Act shall have any force or effect in regard to anything not to be performed during the current season.

Duration and territorial scope of Act.

Limitation of action.

X. This Act shall have effect from and after the 4th day of April 1860, and shall not extend beyond the Territories subject to the Lieutenant-Governor of Bengal. And no complaint or prosecution shall be entertained under this Act, unless preferred within six months from the date aforesaid.

Certain post orders declared valid.

XI. All orders made or acts done before the 4th day of April 1860, which would have been lawful if the Bill "to enforce the fulfilment of Indigo Contracts" as read a second time on the 24th day of March 1860 had then become law, are hereby declared to be valid. And all Magistrates and other Public Officers are hereby indemnified for any acts done before the said 4th day of April 1860, which would have been justifiable under the said Bill if the same had become law on the said 24th day of March 1860.

Indemnity.

Appointment of Commission of Enquiry.

XII. The Lieutenant-Governor of Bengal shall, as soon as conveniently may be, issue a Commission to such persons as the said Lieutenant-Governor shall think fit, for the purpose of enquiring into and reporting on the system and practice of Indigo planting in Bengal and the relations between the Indigo Planter and the Ryots and holders of land in Bengal aforesaid. The said Commissioners shall fully enquire into the matters aforesaid, and shall, as soon as they conveniently can, report to the Lieutenant-Governor the result of their enquiries, and shall in their report or reports suggest such alterations, if any, as may in their opinion be beneficially made in the law relating to the system and practice and the relations aforesaid.

Death or resignation of any of the Commissioners.

XIII. In case of the death or resignation of any of the said Commissioners, or of any of them becoming unable or refusing to act, it shall be lawful for the other Commissioners or Commissioner to act alone, and all the powers by this Act given to Commissioners shall and may be exercised by the continuing Commissioners or Commissioner alone, but only until such vacancy can be filled up. It shall be lawful for the said Lieutenant-Governor from time to time, and he shall as soon as conveniently may be, without issuing a new Commission, appoint some other person or persons to act as a Commissioner or Commissioners jointly with the continuing Commissioners or Commissioner, and in such case all the powers conferred by this Act shall and may be exercised by the said newly appointed Commissioner or Commissioners jointly with the continuing Commissioner or Commissioners.

Attendance of witnesses.

XIV. It shall be lawful for the Commissioners aforesaid, by a summons under the hand of any one of them, to require the attendance before them, at a time and place to be mentioned in such summons, of any person or persons whomsoever, residing or being within the Lieutenant-Governorship of Bengal, whose evidence shall in the judgment of the Commissioners aforesaid be material to any of the matters of the enquiry aforesaid, and to require the person or persons so summoned to bring and produce before them all such books, papers, deeds, and writings as to them the said Commissioners shall appear necessary for arriving at the truth of the matters directed to be enquired into by the said Com-

missioners, all which persons shall accordingly attend before the said Commissioners, and shall produce such books, papers, deeds, and writings as shall be required of them and shall be in their custody and control or in the custody and control of any one of them according to the tenor of the summons. Provided always that no person shall be compelled to attend before the said Commissioners or to give his evidence at a greater distance than fifty miles from the place where such person shall be residing.

Proviso.

XV. It shall be lawful for the Commissioners aforesaid, or one of them, to administer an oath, or in the case of persons allowed by law to make affirmation instead of taking an oath, an affirmation in such form as to them the said Commissioners shall seem fit, to all persons who shall be examined before them touching the matters to be enquired into by them as aforesaid. Provided that nothing herein contained shall render it necessary for the said Commissioners to take evidence upon oath or affirmation unless they shall think fit or expedient so to do.

Examination of witnesses on oath or affirmation.

Proviso.

XVI. If any person, upon whom any such summons shall be served by the delivery thereof to him or by the leaving thereof at his usual place of abode, being a person living within fifty miles of the place at which he shall be required to attend, without reasonable cause (to be allowed by the Commissioners aforesaid) fail to appear before them at the time and place mentioned in the summons, or shall refuse to be sworn or to make affirmation (as the case may be) or shall not make answer to such questions as shall be put to him touching the matters directed, or which may hereafter be directed, to be enquired into by the Commissioners aforesaid, or shall refuse or fail without reasonable cause (to be allowed by the Commissioners aforesaid) to produce and show to the said Commissioners any such paper, book, deed, or writing being in his possession or under his control as to the Commissioners aforesaid shall appear necessary for arriving at the truth of the matters to be enquired into by them, the Commissioners aforesaid shall have the same powers in all respects touching any such person so failing to appear or refusing to be sworn or to make affirmation, or not answering such questions as shall be put to him or refusing to produce and show any such book, paper, deeds or writing as aforesaid, as the principal Court of original Civil jurisdiction within the limits of which the said person shall be residing, may by law exercise against any person for making default of appearance, or for refusing to be sworn or to give evidence on any issue joined in any action depending in such Court.

Witnesses neglecting to attend &c.

XVII. Whenever a summons is issued for the attendance of a witness under this Act, the Commissioners may if they think fit order such witness to receive from the Collector such travelling and other expenses as he would have been entitled to receive had he been summoned to appear and give evidence in the principal Court of original Civil jurisdiction in the District.

At the Court at Buckingham Palace, the 23rd day of January 1860.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

Preamble.

6 & 7 Vict., c. 94.

WHEREAS by an Act of Parliament, made and passed in the session of Parliament holden in the sixth and seventh years of the reign of Her Majesty, intituled "An Act to remove doubts as to the exercise of power and jurisdiction by Her Majesty within divers countries and places out of Her Majesty's dominions, and to render the same more effectual," it is, amongst other things, enacted, that it is and shall be lawful for Her Majesty to hold, exercise, and enjoy, any power or jurisdiction which Her Majesty now hath, or at any time hereafter may have, within any country or place out of Her Majesty's dominions, in the same and as ample a manner as if Her Majesty had acquired such power or jurisdiction by the cession of conquest of territory:

And whereas Her Majesty hath power and jurisdiction in the dominions of the Tycoon of Japan:

And whereas Her Majesty was pleased, on the third day of March A. D. 1859, by and with the advice of Her Privy Council, to issue a certain Order for the exercise of the said power and jurisdiction:

And whereas it is expedient at the present time to make further provision for the due exercise of the jurisdiction possessed by Her Majesty, as aforesaid, in the dominions of the Tycoon of Japan:

Now, therefore, in pursuance of the above-recited Act of Parliament, Her Majesty is pleased, by and with the advice of Her Privy Council, to order; and it is hereby ordered as follows:—

Repeal of Order in Council of March 3, 1859.

I. The above-recited Order of the third day of March A. D. 1859, shall be, and the same is hereby revoked and cancelled, save and except as to all acts, matters, and things, heretofore duly done under and in conformity with the said Order, or which may hereafter be duly done under and in conformity with the same, previously to the day next succeeding the day on which this Order shall be received by the Consul-General in Japan.

Commencement of the Order.

II. And it is further ordered that this Order shall commence and take effect from and after the day on which it shall be received by the Consul-General in Japan.

Interpretation of terms.

III. And it is further ordered, that, in the construction of this Order, the word "Consul" shall be construed to include all and every Officer in Her Majesty's Service, whether Consul-General, Consul, Vice-Consul, or Consular Agent, or person duly authorized to act in any of the aforesaid capacities in the dominions of the Tycoon of Japan, and engaged in carrying into execution the provisions of this Order; and that the terms "British ship," or "British vessel," or "ship or vessel under the British flag," shall be construed to include any ship or vessel British-registered and navigated according to law; and any ship or vessel owned, or partly owned, by a person entitled by law to be an owner of a British-registered vessel; that the term "crew" shall be construed to include all persons employed in navigating any such ship or vessel; and that, wherever in this Order any word or words is or are used importing the singular number or the masculine gender only, such word or words shall, nevertheless, be construed to include several persons as well as one person, and females as well as males, unless it be otherwise specially provided, or there be something in the subject or context repugnant to such construction.

Power to Consuls to enforce Treaties, and to establish Rules and Regulations.

IV. And it is further ordered that the Consul in the port, place, or district in which he may reside, shall have full power and authority to carry into effect and to enforce by fine or imprisonment, as hereinafter provided, the observance of the stipulations of the said Treaty, or of the Articles for the regulation of trade appended thereto, or of any other Treaty or Treaties which may be made between Her Majesty, her heirs and successors, and the Tycoon of Japan, his heirs and successors, or of any Articles or Regulations appended thereto, and to make and enforce, by fine or imprisonment, rules and regulations for the observance of the stipulations of any such Treaty, and for the peace, order, and good government of Her Majesty's subjects being within the dominions of the Tycoon of Japan.

Rules and Regulations to be exhibited in the Consular Office.

V. And it is further ordered, that all rules and regulations made by the Consul as aforesaid shall forthwith be printed, and a copy of the same shall be affixed, and kept affixed and exhibited, in some conspicuous place in the public office of the said Consul; and printed copies of the said rules and regulations shall be provided by the Consul, and sold at a price not exceeding one dollar for each copy; and for the purpose of convicting any person offending against the said rules and regulations and for all other purposes of law whatsoever, a printed copy of the said rules and regulations, certified under the hand of the said Consul to be a true copy thereof, shall be taken as conclusive evidence of such rules and regulations; and no penalty shall be incurred, or shall be enforced, for the breach of any such rules or regulations, until the same shall have been so affixed and exhibited for one calendar month in the public office of the Consular district within which the breach of such rules or regulations shall be alleged to have been committed: Provided always, that no rule or regulation to be hereafter made by any of Her Majesty's Consuls, and to be enforced by a penalty, shall take effect until it has been submitted and approved of by the Consul-General, and has thereupon been printed, and a copy of the same has been affixed and exhibited as aforesaid for one calendar month, in the public office of the Consular district.

Proceedings for enforcement of Treaties, and of Rules and Regulations for the observance thereof.

VI. And it is further ordered, that it shall be lawful for the Consul, upon information or upon the complaint of any party that a British subject has violated any of the stipulations of any Treaty between Her Majesty and the Tycoon of Japan, or has disregarded or infringed any of the rules and regulations for the observance of the stipulations of any such Treaty, affixed and

exhibited according to the provisions of the next preceding Article of this Order, to summon before him the accused party, and to receive evidence and examine witnesses as to the guilt or innocence of such party, in regard to the offence laid to his charge, and to award such penalty of fine or imprisonment to any party convicted of any offence against any such Treaty, or against any such rules and regulations which may be specified in any such Treaty, or in any such rules and regulations; and any charge against a British subject for a breach of any Treaty, or for a breach of the rules and regulations for the observance of any such Treaty, shall be heard and determined by the Consul without Assessors: Provided always, that in no case shall the penalty to be attached to a breach of any such rules and regulations exceed five hundred dollars, or three months' imprisonment.

Proceedings for enforcement of Rules and Regulations other than those for the observance of Treaties.

VII. And it is further ordered, that any charge against a British subject for a breach of any rules and regulations other than those relating to the observance of Treaties, shall in like manner be heard and determined by the Consul, and in all cases in which the penalty shall not exceed two hundred dollars, or one month's imprisonment, the Consul shall hear and determine the charge summarily, without the aid of Assessors; but where the penalty attached to a breach of any rules and regulations other than those relating to the observance of Treaties, shall amount to more than two hundred dollars, or to imprisonment for more than one month, it shall be obligatory upon the Consul, before he shall proceed to hear the charge, to summon two British subjects of good repute, residing within his district, to sit with him as Assessors, which Assessors shall, however, have no authority to decide on the innocence or guilt of the party accused, or on the amount of fine or imprisonment to be awarded to him on conviction, but it shall rest with the Consul to decide on the guilt or innocence of the party accused, and on the amount of fine or imprisonment to be awarded to him: Provided always, that in no case shall the penalty to be attached to a breach of rules and regulations, other than those for the observance of Treaties, exceed five hundred dollars, or three months' imprisonment; and provided further, that in the event of the said Assessors, or either of them, dissenting from the conviction of the party accused, or from the penalty of fine or imprisonment awarded to him by the Consul, the Consul shall take a note of such dissent, with the grounds thereof, and shall require good and sufficient security for the appearance of the party convicted, at a future time, in order to undergo his sentence or receive his discharge; and the Consul shall, within twenty days, report his decision, with all the particulars of the case, together with the dissent of the Assessors or either of them, and the grounds thereof, to Her Majesty's Principal Secretary of State for Foreign Affairs; and Her Majesty's Principal Secretary of State for Foreign Affairs shall have authority to confirm or vary, or reverse, the decision of the Consul, as to him may seem fit: Provided always, that if an appeal shall be entered against the decision of the Consul, no such report shall be made to Her Majesty's Secretary of State for Foreign Affairs on the ground of the dissent of the Assessors, or either of them, but the appeal shall be prosecuted in the manner hereinafter ordered.

Revision of decisions of subordinate Consular Officers.

VIII. And it is further ordered, that in any question relating to the observance of Treaties, or of the rules and regulations for the observance of Treaties, or of rules and regulations other than those for the observance of Treaties, a report of any and every decision made by a subordinate Consular Officer, with or without the aid of Assessors, shall be sent in to the superior Consular Officer of the district, and that on the receipt of such report, the superior Consular Officer of such district shall proceed, without Assessors, to revise such decision as to him may seem fit, and such revision shall have, for the purposes of this Order, the same effect as if the case had been originally heard and determined by such superior Consular Officer, with or without the aid of Assessors: Provided always, that in any case in which the Assessors, or either of them, shall dissent from a decision of a subordinate Consular Officer, such decision shall not be subject to revision by the superior Consular Officer, but, in the event of no appeal being entered as aforesaid, shall be submitted to Her Majesty's Principal Secretary of State for Foreign Affairs for revision, in the same manner as if such decision had been originally made by the superior Consular Officer.

OFFICE OF THE DIRECTOR-GENERAL OF THE POST OFFICE IN INDIA,
January 1st, 1859.

THE following Conditions are to be observed in sending Book-Packets by Post:—

1*st*.—The Postage must be pre-paid in full, by means of Postage Stamps affixed outside the Packet on its cover.

2*nd*.—Every Packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination.

3*rd*.—The Packet may contain any number of separate books or other publications, prints or maps, and any quantity of paper, parchment or vellum (to the exclusion, however, of letters whether sealed or open) and the books or other publications, prints, maps, &c., may be either printed, written or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books; and in short whatever is necessary for the safe transmission of literary or artistic matter or usually appertains thereto.

4*th*.—The Packet must not contain any letter, closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter, or any communication of the nature of a letter, written or printed in any such Packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

5*th*.—No Book-Packet can be received if it exceeds two feet in length, width, or depth.

6*th*.—Any Packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover will be charged with Letter Postage.

7*th*.—If a Packet be found to contain any letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the Packet, charged with full Postage as an unpaid letter together with an additional Book-rate; that is, with the Postage chargeable on a Book weighing not more than half a lb the remainder of the Packet, if duly pre-paid with Stamps, will then be forwarded to its address.

8*th*.—If a Packet be not sufficiently pre-paid with Stamps but nevertheless bear Stamps equal to a single Book-rate, it will be forwarded charged with the deficient Book-Postage together with an additional Book-rate; but any Packet which shall not bear Postage Stamps equal to a single Book-rate will be detained and charged with the Letter Postage.

9*th*.—No Book-Packet weighing more than three lbs can be sent to or from the East Indies or to New South Wales.

10*th*.—The Colonial Book-Post extends to those Colonies only which are so marked in the Table of Colonial and Foreign Postage.

11*th*.—In no case can a Book-Packet be sent to the Colonies (except at the letter rate of Postage,) through a Foreign Country.

Special Notice is directed to the subjoined Clauses of Rules, the want of attention to which has occasioned the Post Office much inconvenience.

2*nd*.—A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

3*rd*.—Under Section XXIII. of Act XVII. of 1854, Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in any Post Office. For example, if a letter posted in Calcutta and addressed to Hooghly is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due, had the letter been despatched to Hooghly according to its original address.

4*th*.—The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large Offices seriously retards the delivery and despatch of the Mails. A register of instructions regarding changes of address will be kept in every Post Office, but it must be understood, that it is impossible to guarantee that they shall be attended to, except in the case of letters received for delivery.

There is only one delivery of letters at the General Post Office on Sundays, and Banghy Parcels are neither received nor despatched on that day.

Letters and Newspapers despatched to and from the United Kingdom by private Vessels are liable to the following rates of Postage which must be pre-paid by Stamps:—

	Rs.	As.	Pie.
Letters not exceeding ½ oz. in weight	0	4	0
Ditto exceeding ½ oz. but not exceeding 1 oz.	0	8	0

And so on adding 8 annas for each oz. or fraction thereof which includes Inland Postage.

Newspapers not exceeding 4 oz. in weight, 2*d*. or 10 pie must be pre-paid in cash, and no Inland Postage is required upon such papers.

Parcels conveyed by the above opportunity for the United Kingdom are liable to Letter rates of Postage.

Notice.

The following Extract of an Order of the Government of India, No. 884, of the 13th July 1855:—

"No Public Officer is authorized to send Covers on the Public Service by Post, without payment of Postage, unless he is at the time on active duty and in charge of the Office by virtue of which the privilege is enjoyed. All letters superscribed as 'on the Public Service only' must, even though the Postage thereon be not paid, be received and opened by the Officer to whom they are addressed, but if any such, or partially paid letter so superscribed, and addressed to any Officer except a Secretary to Government be found when opened, to relate to the private affairs of the Sender, the Postage will be debited to him and he will be further liable to be dealt with under Section XLVII., Act No. XVII. of 1854.

His Honor in Council further directs that unpaid or insufficiently paid letters addressed to any such Officer or Department and not superscribed "on the Public Service only" be refused, or if opened that it be at the risk and cost of the opener."

Letters arriving at the Presidency Towns, by Mail Steamers will be immediately sorted for delivery according to the address alone, without any reference to instructions which may have been received regarding change of address; such changes will be left to be discovered by the Delivery Officers, and be corrected in the forward and unclaimed Departments of the Office.

Forward Postage will be charged in addition to all other Postage due or paid thereon, upon every letter, without exception, which may be re-directed in the Post Office.

Letters, &c., received by the Steamer will be delivered at the Window of the Post Office only to parties who have registered their names. Applications to the Post Office on the day of the Steamer's arrival to intercept and re-direct letters, &c., cannot be attended to, as they are found not only to impose much labour but seriously retard the delivery and despatch of the Mails.

All Banghy Parcels being registered before despatch it is needless to have a Banghy Parcel specially registered by payment of the Fee of 4 annas as no additional precaution can be taken of a specially Registered Parcel which is not taken in the case of every ordinary Banghy Parcel.

Under the orders of Government, no fourth delivery of letters by the Post Office is allowed. Mails which are received by Steamers from Suez at so late an hour in the day as not to admit of the letters being taken out for delivery by 6 P. M. are detained till the following morning, but parties who have registered their names under the usual fee, are entitled to receive their letters and Marseilles Newspapers so soon as the Mails are sorted, and which is generally about 2½ hours after receipt of the Mail, at the Post Office.

The order exempting Officers with the Army from the payment of forward Postage will cease to have effect from the 1st May 1860, by the Orders of Government.

Forward Newspapers.—Extra or Forward Postage is chargeable on every Newspaper re-directed at the Post Office of original address and forwarded to another Post Office.

Mails for Akyab, Rangoon and Moulmein are made up on the 3rd and 19th of each month, for transmission by the Contract Steamers or by Government Vessels, which sail on the morning of the 4th and 20th, unless the Contractors choose to postpone the departure for 48 hours, of which they have the power on making a requisition.

WEDNESDAY, APRIL 11, 1860.

Legislative Council of India.

THE 31ST MARCH 1860.

THE following Bill, as read a third time this day, is published for general information :—

A Bill to enforce the fulfilment of Indigo Contracts, and to provide for the appointment of a Commission of Inquiry.

Preamble.

WHEREAS it is expedient to issue a commission of enquiry into the practice of Indigo planting in Bengal and the relations between the Indigo Planter and the Ryots and holders of land in Bengal, and to make temporary provision for enforcing by summary process the execution of agreements entered into for the cultivation of Indigo plant; and better to provide for the punishment of certain unlawful acts connected with such cultivation; It is enacted as follows :—

Magistrate may on complaint, issue summons for appearance of a person who has received a cash advance and delays or neglects to fulfil his agreement.

I. If any person who has received a cash advance upon his agreement to cultivate Indigo plant during the season now current, shall wilfully delay or omit from and after the 4th day of April 1860 to cultivate according to the conditions of such agreement the whole quantity of land which he has agreed to cultivate, or otherwise to fulfil his engagement, it shall be competent to the Magistrate to entertain a complaint made to the above effect on oath by the Planter who has made the advance, or by any person on his behalf, and to summon the person complained of to appear before him in order to the investigation of the complaint preferred. If the Magistrate has reason to believe that the person complained of will not appear in obedience to the summons, he may issue a warrant for the arrest of such person.

Remedy.

II. On hearing the answer of the person complained of, and on taking such evidence as both parties may adduce, if the complaint be established to the satisfaction of the Magistrate, the Magistrate shall assess a certain sum as damages sustained by reason of the breach of the contract. If it shall appear to the Magistrate that the person who has agreed to cultivate the Indigo plant is still able to perform his contract, the Magistrate shall order him specifically to perform the same, and shall also in such case award a certain sum to be paid as damages as an alternative. In cases in which the land to be cultivated with the Indigo plant is defined by the agreement, the Magistrate may order the attachment, as a security for the amount of the damages assessed or to be assessed for the breach of the agreement, of any other crop of the defaulter that may at any time during the present season be growing on such land. If after an order for specific performance of agreement the defendant fail to perform the agreement or to pay the amount of damages ordered to be paid as an alternative, or if after an order for payment of damages the same be not immediately paid, the Magistrate may order the defendant to be imprisoned in the Civil Jail for a term not exceeding three months; and may on the motion of the complainant furthermore proceed to levy the damages assessed from the property of the defendant, in the mode provided for enforcing decrees of Court under Act VIII of 1859 *(for simplifying the Procedure of the Courts of Civil Judicature not established by Royal Charter)*.

Proviso.

Provided that if the amount of the said damages is paid or levied within the aforesaid term of three months, the defendant shall be released from Jail on that amount being paid or levied.

If agreement obtained by force or intimidation, complaint to be dismissed.

III. In case it shall appear to the satisfaction of the Magistrate that the agreement has been obtained by means of fraud, force, or unlawful intimidation, the complaint shall be dismissed.

In what cases Magistrate may levy costs and compensation from complainant.

IV. If any complaint preferred under this Act be dismissed for want of proof or appearance of the complainant, or for any other cause, the Magistrate may order the complainant to pay such amount for costs and compensation as he may think reasonable. In default of payment of any such amount, the same may be levied by distress and sale of the property of the person ordered to pay the same.

Penalty for intimidation, &c

V. If any person from and after the 4th day of April 1860, shall by violence, threats, or otherwise intimidate or attempt to intimidate any other person who shall have entered into any such agreement as aforesaid, with the intention of inducing such person to break the conditions thereof, he shall, on conviction before a Magistrate, be liable to a sentence of imprisonment with or without labor for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both, such fine being commutable, if not paid, to a further period of imprisonment not exceeding six months.

Penalty for destroying or damaging crops.

VI. If any person shall maliciously destroy or damage, or if any person shall maliciously command, compel, or persuade any other person to destroy or damage any growing crop of Indigo, he shall, on conviction before a Magistrate, be liable to be sentenced to imprisonment with or without labor for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both, such fine being commutable, if not paid, to a further period of imprisonment not exceeding six months.

No Appeal.

VII. No appeal shall lie from the decision of a Magistrate under this Act.

Jurisdiction.

VIII. The power of a Magistrate under this Act may be exercised by any person vested with the full powers of a Magistrate, and by any Assistant Magistrate or Deputy Magistrate specially empowered on that behalf by the local Government.

Effect of decision of Magistrate under this Act.

IX. A decision of a Magistrate shall be a bar to any further proceeding for the same breach of agreement. No decision under this Act shall have any force or effect in regard to anything not to be performed during the current season.

Duration and territorial scope of Act.

X. This Act shall have effect from and after the 4th day of April 1860, and shall not extend beyond the Territories subject to the Lieutenant-Governor of Bengal. And no complaint or prosecution shall be entertained under this Act, unless preferred within six months from the date aforesaid.

Limitation of action.

Certain post orders declared valid.

XI. All orders made or acts done before the 4th day of April 1860, which would have been lawful if the Bill "to enforce the fulfilment of Indigo Contracts" as read a second time on the 24th day of March 1860 had then become law, are hereby declared to be valid. And all Magistrates and other Public Officers are hereby indemnified for any acts done before the said 4th day of April 1860, which would have been justifiable under the said Bill if the same had become law on the said 24th day of March 1860.

Indemnity.

Appointment of Commission of Enquiry.

XII. The Lieutenant-Governor of Bengal shall, as soon as conveniently may be, issue a Commission to such persons as the said Lieutenant-Governor shall think fit, for the purpose of enquiring into and reporting on the system and practice of Indigo planting in Bengal and the relations between the Indigo Planter and the Ryots and holders of land in Bengal aforesaid. The said Commissioners shall fully enquire into the matters aforesaid, and shall, as soon as they conveniently can, report to the Lieutenant-Governor the result of their enquiries, and shall in their report or reports suggest such alterations, if any, as may in their opinion be beneficially made in the law relating to the system and practice and the relations aforesaid.

Death or resignation of any of the Commissioners.

XIII. In case of the death or resignation of any of the said Commissioners, or of any of them becoming unable or refusing to act, it shall be lawful for the other Commissioners or Commissioner to act alone, and all the powers by this Act given to Commissioners shall and may be exercised by the continuing Commissioners or Commissioner alone, but only until such vacancy can be filled up. It shall be lawful for the said Lieutenant-Governor from time to time, and he shall as soon as conveniently may be, without issuing a new Commission, appoint some other person or persons to act as a Commissioner or Commissioners jointly with the continuing Commissioners or Commissioner, and in such case all the powers conferred by this Act shall and may be exercised by the said newly appointed Commissioner or Commissioners jointly with the continuing Commissioner or Commissioners.

Witnesses neglecting to attend &c.

XVII. Whenever a summons is issued for the attendance of a witness under this Act, the Commissioners may if they think fit order such witness to receive from the Collector such travelling and other expenses as he would have been entitled to receive had he been summoned to appear and give evidence in the principal Court of original Civil jurisdiction in the District.

THE following Bill, as read a second time in the Legislative Council on the 24th March 1860, is referred to in the foregoing Bill:—

A Bill to enforce the fulfilment of Indigo Contracts.

WHEREAS it is expedient, pending a commission of enquiry into the practice of Indigo planting in Bengal, which the Executive Government purposes to appoint after the close of the present season of cultivation, to make temporary provision for enforcing by summary process the execution of agreements entered into for the cultivation of Indigo plant; and better to provide for the punishment of certain unlawful acts connected with such cultivation; It is enacted as follows:—

No. 86.

Camp Hoshiarpore, the 30th March 1860.

Notification.—The Honorable Court of Directors in a Despatch No. 3, dated 23rd February 1842, paragraph 35, prohibited the employment of Members of the Clerical profession in connexion with the measures of Government for the education of the Natives of India.

In a subsequent Despatch No. 35, dated 18th February 1857, paragraph 13, the Honorable Court, in reply to a reference from the Government of India, observed as follows:—

"We are not prepared to authorize any relaxation of the general orders issued by us in 1842, prohibiting the employment of Clergymen in connexion with education in India. We have relaxed under special circumstances the strict observance of the rule at Bombay, and we have recently engaged a Clergyman for one of the Professorships at the Elphinstone Institution. It is our desire, however, that this appointment, as well as that of the Reverend Doctor Anderson to which you refer in your letter, may be regarded as exceptional, and that it be understood that the rule of exclusion is to be maintained."

The question having again been brought to the notice of the Home Government, the Right Honorable the Secretary of State, in a Despatch No. 15, dated the 14th October last, addressed to the Governor General in Council, has thus ruled:—

"I have had under my consideration in Council your letter dated 4th March (No. 8) 1859, in connexion with the letter of the late Court of Directors of February 1857, and former correspondence on the subject of the employment of Christian Clergymen in the Educational Departments.

"It appears to me that a rule by which a person fitted in other respects for employment in the Education Department is excluded simply upon the ground that he is a Christian Clergyman, is incompatible with the principle on which the Government of India has been, and ought to be, conducted of not sanctioning any partial disabilities applicable either to the European or Native Subjects of Her Majesty.

"In practice there have been several exceptions to the rule, and I am of opinion that before any such appointment is made, not only the character of the individual, but the particular position in which he is to be placed, and the effect which may be produced by the appointment, must be taken into careful consideration."

In a separate Despatch of the same date and like tenor, addressed to the Government of Madras, the Secretary of State points out that these circumstances, namely, the character of the individual, the position in which he is to be placed, and the effect which may be produced by the appointment, were not sufficiently adverted to in a case in which a Missionary had been appointed as Inspector of Schools.

"It is not to be expected" observes the Secretary of State, with reference to this appointment, "that the Natives of India will readily place implicit confidence in an Inspector, who has

recently been actively engaged in promoting, as a Missionary, their conversion to another Faith."

And in the same Despatch the Secretary of State observes, with reference to a case in which an Inspector of Schools in Madras had failed to conform to the instructions prohibiting the interference of Inspectors with the religious instruction conveyed in Schools, that the circumstance affords "a sufficient proof of the inexpediency of employing Clergymen in such positions."

With reference to the foregoing summary of the views of the Home Government on the subject, the Governor General is pleased to declare that, excepting the Office of Inspector of Schools, the employment in the Education Department of Clergymen or Ministers, if in other respects they are fit for such employment, is not prohibited on the ground of their profession, but that no such person is to be so employed without careful advertence to his individual character, to the particular position in which he will be placed, and to the effect which may be produced by his appointment. His Excellency is also pleased to declare that no one who is or has recently been engaged as a Missionary is eligible for such employment, and that no Clergyman or Minister can be employed in the Office of Inspector of Schools.

GOVERNOR GENERAL'S CAMP, SEALKOTE,

Friday, the 9th March 1860.

Notification.—His Excellency the Right Hon'ble the Viceroy and Governor General held a Durbar at Sealkote, on Thursday the 8th instant, for the reception of the Maharajah of Cashmere and the Chiefs of the Derajat.

The Maharajah of Cashmere, who had been previously escorted by British Officers and Troops from his own territory into the Station of Sealkote, and entertained with the honors due to the rank and position of an independent Chieftain, had a private audience of His Excellency accompanied by his son, his cousin, and the principal Officers of the Cashmere State, and received on arrival a Salute of 19 Guns.

Afterwards, the Maharajah and his relatives, and Officers, the Chiefs of the Derajat and other Native gentlemen, together with the principal Civil and Military Officers of the Station having been assembled in general Durbar, the Viceroy and Governor General accompanied by His Excellency the Commander-in-Chief and by the Honorable the Lieutenant-Governor of the Punjab, entered and took his seat under a Royal Salute.

The Maharajah and each of the other Chiefs and Native gentlemen present were introduced in succession to the Viceroy and Governor General, the customary tribute and offerings were presented and accepted, and suitable Presents and Khilluts were bestowed on all according to their rank.

The Vakeel of the Nawab of Bhawulpore attended the Durbar with presents from His Highness and received the usual complimentary Khilluts.

After the concluding ceremonies the Viceroy and Governor General left his seat under a Royal Salute. The Maharajah of Cashmere was then conducted from the Tent under a Salute of 19 Guns and the assembly broke up.

This day the Viceroy and Governor General accompanied by the Honorable the Lieutenant-Governor of the Punjab, the Secretary to the Government of India, the principal Civil and Military Officers of the Station, and the Officers of His Excellency's Personal Staff, paid a return visit to the Maharajah of Cashmere at his Encampment.

His Excellency was met by the Maharajah himself and by the nearest relatives and principal Ministers of His Highness, in accordance with established custom, and received both on arrival and departure a Royal Salute.

The annual tribute from the Ruler of Cashmere to the Queen was first presented, and accepted by His Excellency the Viceroy and Governor General in the name of Her Majesty.

The usual Offerings having then been presented and accepted, His Excellency addressed the Maharajah in the following words :—

"I wish to take this opportunity of repeating to the Maharajah of Cashmere in his own Durbar, and before his own Court, the thanks which, when I had the pleasure of receiving His Highness yesterday in my Camp, I offered to him for the good service rendered by His Highness to the Queen's Armies during the late troubles in Hindoostan.

The Maharajah may be sure that the recollection of that service will long live in the memory of the British Government in India and in England.

"He may be sure too that it is the sincere desire of Her Majesty's Government that his illustrious House may be perpetuated, and that it may continue to hold its possessions in peace and prosperity.

"I earnestly hope that the young Prince, his son, will grow up to be a worthy Ruler of those rich and beautiful Dominions; but if unfortunately a direct lineal successor should fail the Maharajah, His Highness may rely upon a willing recognition by the British Government of an Heir adopted into his House according to its usage and traditions."

The concluding ceremonies having been observed His Excellency retired.

No. 27.

Fort William, the 7th April 1860.

The following Resolution is published for general information :—

FINANCE.

BUDGET—ESTIMATES—AND AUDIT.

Finance.

RESOLUTION.—The vast expenditure which recent events have entailed on British India has been fully explained to the Legislature and to the Public. The grave financial deficiency thereby produced has been stated without reserve. The causes which have occasioned, and do still continue to occasion, such an enormous outlay have been recapitulated. The new Taxes which will be raised, in order that the deficit, (which may unavoidably exist even after the important reduction of expenditure) may be made up without having recourse to any more loans, in order that the remaining difficulties of the past and the present may be met without trenching on the resources of the future, have been explained in detail. A confident hope is entertained that, with the additional aid which the Government will now receive from its Subjects of all creeds and races, the public income will be made equal to the expenditure, and the finances of the Empire restored to a sound condition.

2. But in order that the burdens of the people may be lightened—in order that the duration of certain of the new Taxes may be shortened, it is absolutely necessary that a strict economy be exercised. To reduce and regulate expenditure, as far as may be compatible with the efficiency of the Service and the general weal, is a solemn duty which the Government owes to its Subjects who pay the Taxes. While on the one hand the Government requires from its people the Taxes needed for the defence and Administration of the country, it will on the other hand hold itself bound to take every precaution for the effective and judicious application of the monies so levied.

3. Convinced that a wise liberality does in the end conduce to real economy, the Queen's Government in India has always shown itself disposed to maintain the salaries of its servants on a scale that is calculated to secure absolute efficiency. The present posture of affairs does now render it peculiarly necessary that such efficiency should be displayed on all matters, great and small, which relate to Finance, so that everything needed for the good of the Administration may be obtained at the most reasonable cost possible. And the Government will demand and will positively expect such economical efficiency from all its servants. It is the real interest as well as the clear duty of all Officers to do their utmost for the securing of public economy in in all matters, even the most minute. The Government grants liberal allowances on the understanding that every effort is used for the reduction or extinction of all extravagant or unnecessary charges: and it relies on the zeal and fidelity of its servants in the practicing of such economy.

4. Now the most important step towards securing financial economy will be the establishing of a system whereby a Budget of Imperial Income and Expenditure shall be prepared annually, so that the Financial Estimates for each year may be

arranged, considered and sanctioned by the Supreme Government of India before the year commences. The system prevails in England: and it will now be introduced and rigidly carried out in India. Before the commencement of each Official Year the Supreme Government will require careful Estimates to be framed of the anticipated income and the proposed expenditure of the Empire for the coming year. And after considering the various objects to be accomplished *in relation* to the means and resources for such accomplishment; after comparing the past with the proposed expenditure; after weighing the recommendations of the several Executive Governments and the Heads of Departments, the Supreme Government will allot and appropriate to each branch of the Service, and to the several detailed heads within each branch, specific sums. The several Executive Governments and the Departments will be charged with the due application of the sums assigned by the above Act of Appropriation. The specific amount assigned will on no account be exceeded. If unforeseen emergency shall necessitate extraordinary expenditure, the Executive Government, or the Local Authority, will represent the case to the Supreme Government, without whose sanction no additional expenditure must take place,—unless the urgency of the circumstances is such that application for prior sanction is not possible, in which case the earliest report must be made, with the view of obtaining the subsequent sanction of the Financial Authorities.

5. The advantages of this Budget system are manifold and obvious; but they may be briefly recapitulated here:—

Firstly.—The system ensures a complete review beforehand of the income to be expected, and the expenditure to be incurred in the year. Such reviews when made after the event, however valuable they may be, cannot amend the past. The money has been spent, and the work done. The experience of those operations and those expenses cannot affect the Finance of *that* year, however well it may serve as a guide for the succeeding year. But when the review takes place before the year commences, then it is one of prevision and not of experience,—the reviewing authority is the arbiter of schemes which have not yet become accomplished facts: the control is then practically operative and effectively complete.

Secondly.—The system secures a scrutiny of expenditure which would not otherwise be originated; for when the expenditure of the coming year is to be adjudged item by item, recurrence is sure to be had to the items of the preceding year. Thus each part and detail of the expenditure is periodically revised, the necessity or otherwise of its continuance, or the possibility of its reduction, is constantly reconsidered, while the reasons of its augmentations are jealously sifted.

Thirdly.—The exigencies of the expenditure having been prudently considered, the system causes the ways and means of meeting such expenditure to be brought into immediate comparison. Such a balancing of future outlay and income is sure to produce severe economy. Even the exigency of the Service is a relative thing; the necessity of a particular outlay may appear less urgent, when the means of providing for it are difficult; and the works of lesser urgency will have to give way before those of primary necessity.

Fourthly.—The system promotes the formation of Imperial accounts. The Executive Government or Governments all over the Empire, and the various Departments of State, must open a debtor and creditor account with the supreme Financial Authority. Each Executive Government or each State Department is credited with the sum allowed by the Imperial Budget for every Service. Against that amount will be debited the sums actually issued and expended on this account. These debit and credit accounts will be prepared and submitted month by month, and quarter by quarter, to the Financial Department of the Supreme Government. The effect of this method in ensuring care and regularity in the public expenditure must be great indeed.

Fifthly and lastly.—It lays the foundation of a real and true method of Imperial Audit. A definite standard will be laid down by the Budget,—a precise authority will be prescribed for everything: a definite limit on every point will have been fixed. Then an Imperial Audit will try every branch of the public expenditure by that standard; will ascertain whether that authority for every item is produced; will observe whether that limit has been transgressed. And as all expenditure is reconsidered and resettled at brief intervals, so will the Audit be prompt and concurrent; as the Budget is fixed yearly, so will the accounts based thereon be prepared immediately on the close of each period; and there will be an independent Audit Department examining the accounts month by month, quarter by quarter, year by year; to truly try and judicially declare whether the financial orders of the supreme Finance Authority are regularly carried out by the responsible Executive Authority. As the Budget will prescribe a really workable rule, recurring *just before* the period of expenditure, so the Audit, coming, not after an interval too late for amendment, but continuously, and at the moment when alteration is possible, will ensure the rule being worked out.

6. Now it is evident that such a system as that above described, *firstly* of Budget and Annual Estimate, *secondly* of Account, *thirdly* of Audit, can only be matured and established after the lapse of several months. During the coming year 1860-61, the requisite arrangements can all be made in detail, so that by the year 1861-62, the system will be brought into full play. But the Government are so convinced of the efficacy of the system in enforcing immediate economy, that its partial introduction during the year now about to commence has been resolved on. Such introduction will doubtless not be complete; it will be superadded to, and not be allowed to supersede the organization already existing; for existing methods and departments cannot be dispensed with until a competent substitute shall have been provided. Such substitute cannot be duly prepared until the coming year 1860-61 is well advanced. In the mean time the partial and provisional introduction of the system at once will do decided good, so far as it goes—will afford practical experience to guide the Government in making permanent arrangements in future years.

7. It has therefore been resolved that Estimates of probable income and proposed expenditure for all portions and departments of the Empire during the coming year 1860-61 shall be immediately prepared in a manner as perfect as

the circumstances would admit. These will, it is hoped, be prepared during May next, that is the first month of the year. Upon that the Supreme Government will frame one general Budget for the whole Empire, and will appropriate specific sums for each Service in the manner already described; and such appropriation will operate absolutely as the limit of expenditure during the year. Each Presidency, each Local Government, each Department immediately under the Supreme Government, will transmit an Estimate of probable Revenue and proposed expenditure to the Financial Department at Calcutta, in the form heretofore used for the anticipation sketch Estimate. Such Estimate has been already prepared, or is being prepared, by the Accountants of the several Local Governments for transmission to the Financial Department at Calcutta. Where the Estimate has not already been transmitted, the Accountant will submit it to the Local Government, which Government will consider, upon its own responsibility, the various items of Income and Expenditure, and having made such revision or remark as it shall think necessary, will transmit it to the Supreme Government. Where the Estimate has been already transmitted to Calcutta by the Accountant, the Local Government will obtain a copy of it from that Officer, and will transmit it to the Supreme Government, after consideration and revision as above described. It is hoped that this may be done without difficulty, and with the necessary promptitude. The Imperial Budget now ordered will thus not supersede the existing Estimates or Returns, which will continue for the present to be prepared as heretofore. The Local Governments within the Bengal Presidency will enter in their Estimates all their Revenue and all their expenditure, except that for the regular Troops. The same rule will apply to the administration of Provinces under the direct control of the Supreme Government. For the Public Works Department, the Budget system already prevails. The Army portion of the general Estimate will be prepared at the Military Department of the several Presidencies. The Financial Department at Calcutta will estimate for all central and purely imperial or Home charges. The several Estimates which are to form the materials for the Budget ought to reach the Financial Department at Calcutta by the 1st June next at the latest.

8. The Estimates will be prepared in the forms heretofore in use. The arrangement of headings may differ from that which obtains in England, but by the next year 1861-62, it is hoped that a close approximation to the English system in all its details may be attained.

9. It being essential that the Supreme Government should have ready at hand better means than heretofore of regulating the Revenues of the State in all parts of the Empire, it has been resolved to constitute at Calcutta, and under the Supreme Government, a Central Revenue Department for all India. This Department will concentrate information regarding the Revenues in all parts of the Empire; will advise the Supreme Government in all fiscal questions; will assist in prescribing general rules; and will keep the Supreme Government informed as to how those rules are acted up to.

10. It is obvious that this Board will supply the Supreme Government with the most accurate information available in the final settlement of the Budget.

11. The Budget for the coming year having been framed with such degree of precision and completeness as existing circumstances and the shortness of time may permit, it will be equally desirable to establish at once an Audit Department which may periodically pass the accounts based on the Budgets, and at the close of the year may examine and declare to the Supreme Government how far the provisions of the Budget have been observed by the Executive Government and the Departments. This Audit Board will in no wise interfere with or exercise authority over any Executive Government or Department; but it will be an examining and reporting authority.

12. After long experience and recent enquiry of the most competent kind, an Audit Board of this description has been established in London, responsible to Parliament immediately. To this Board the accounts of every Department of the State and of every Colonial Government in the British Empire are periodically submitted. The Military and Naval Departments examine and pass their own accounts in detail, and an Officer of the Audit Board carries on a daily detailed Audit of such accounts; but ultimately, after such detailed Audit of the accounts, an abstract of them is sent to the Audit Board in order that the aggregate may be finally passed by that Board, who observe whether the limit of expense appropriated for each part and branch of the Service has been observed. In these two Departments then, the Audit relates to aggregates rather than to details; and is called technically "the Appropriation of Audit." In many Departments, however, the Audit Board does itself audit not only the aggregates, but also the details pertaining to each aggregate, and this is called the "Detailed Audit." In any Department whatever, whether subjected to "Appropriation Audit" or to "Detailed Audit," the Board has the power of calling for the authorities, the vouchers, the accounts, of any item. The Audit Board permits to itself no discretion, and will disallow any sums in excess of the authorized limit. And even if, by reason of the sufficiency of the authority and voucher for an item, the Board shall have finally passed it, notwithstanding that the expense shall appear to be unreasonable, the Board would still draw attention to the expense, so that Government might, if it thought fit, adopt remedial measures. The Audit thus arranged for does not occur at the close of the year only, but also month by month. For those Departments which are subject to detailed Audit by the Board, accounts are received monthly; for those Departments of which the aggregates only have to be audited according to the sums appropriated by the Budget, and of which abstracts only are received by the Board, still the Board deputes officials to proceed to the Office of such Department and countersign the accounts as they are framed in detail day by day.

13. Now it is intended to constitute a similar Imperial Audit at Calcutta, with the same functions and powers as those generally described above. With the Audit Department as well as the Budget, the system cannot thoroughly be brought into play until the close of the coming Official Year. But the foundation of the future Audit Department will be laid during this year, and the arrangements for the succeeding year 1861-62 will be perfected. Each Executive Governor and each Department will transmit its

accounts based on the Budget of 1860-61 to the Audit Board at Calcutta: and whether the Board be able to audit all details or not, it will see whether the limits of appropriation have been observed, and disallow excess, pending report to and sanction from the Supreme Government.

14. In the Military Department there is a Financial Commission already sitting. To that Commission will be transmitted the accounts of the various Departments of the Army, after examination at the several Presidencies; and the Commission will transmit the aggregates (without the details) to the Audit Board for final sanction in reference to the Budget.

General Orders by His Excellency the Governor General of India.

Camp Hooshearpore, the 28th March 1860.

His Excellency the Governor General of India gladly embraces the opportunity afforded by the return of Her Majesty's 53rd Regiment to England, to place on record the sense entertained by the Government of the services rendered in this Presidency by this excellent Regiment.

The 53rd Regiment arrived in India in December 1844, and proceeded to the North-Western Provinces.

It was present in the Campaign of the Sutledge, and engaged in the Battle of Aliwal in January 1846, and at the Battle of Sobraon on the 10th of February 1846, which closed that Campaign. It took part also in the Campaign of the Punjab and was present in the Battle of Goojerat.

After several years of service in the Upper Provinces and in the Punjab, in the course of which, while at Peshawur in 1851 and 1852, the Regiment was frequently engaged in successful expeditions against the Border Tribes, the 53rd Foot proceeded to the Presidency, and it was in Garrison in Fort William in the early part of the memorable year 1857, when the late Mutinies broke out in the Native Army of Bengal.

The Governor General willingly bears testimony to the importance of the service rendered at that time by the Regiment at the Presidency.

The 53rd Foot proceeded to the North-Western Provinces while the general disturbances were at their height, and at the brilliant affair at Khujwa on the 1st of November 1857, where about two Companies were engaged successfully, in concert with the *Shannon's* Naval Brigade, against a very superior body of Rebels and Mutineers, the Regiment lost its gallant and lamented Commander Lieutenant-Colonel Powell, C. B.

Of this action it was appropriately remarked in the Despatch of His Excellency the Commander-in-Chief.—"This fight affords one more instance "of what the British Soldier will perform, in spite "of every disadvantage and extraordinary fatigue. "This was a Soldier's fight if ever there was one."

With the Detachment of the 53rd on this occasion, it will be remembered that a Company of the 93rd Highlanders, a small party of the Royal Engineers, and a Depôt Detachment likewise fought; the whole winning for themselves the admiration and gratitude of their fellow Countrymen.

The 53rd Regiment served at the memorable relief of the Garrison of Lucknow achieved by His Excellency the Commander-in-Chief in November 1857; and after having been present at the relief of Cawnpore, and at the action on the Kalanuddee, both directed by His Excellency in person,—at the actions at Futtehgurh and at Shumsabad, and the storming of Meeangunge, the Regiment was engaged in the capture of Lucknow by the Commander-in-Chief in April 1858.

Lastly, the Regiment was employed in the taking of Sultanpore and the passage of the Goomtee under Major-General Sir Hope Grant, K. C. B., and in the final subjugation of Oude.

The field services of the 53rd Foot, however, have not been more conspicuous than its discipline and good conduct throughout the period of its employment in India.

The Governor General takes his leave of this fine Regiment with a very hearty farewell.

Camp Mahilpore, the 31st March 1860.

General Order by His Excellency the Governor General of India.

Camp Roopurl, the 6th April 1860.

His Excellency the Governor General considers it due to Her Majesty's 8th (the King's) Regiment of Foot, to take leave publicly of the Regiment on its departure to England, and to offer to its Officers and Men the acknowledgments of the Government of India, for their services in this Country.

The 8th Regiment embarked for India in April 1846, and, after serving for some years in the Presidency of Bombay, was transferred to the Bengal Presidency in December 1853.

The Regiment was at Jullundur in 1857, when the Mutiny of the Bengal Army broke out, and did essential service at that Station in resisting and punishing the Mutineers.

It joined the Army before Delhi soon afterwards, and served with much distinction in the siege and capture of that Fortress. It bore a conspicuous part in the complete repulse given to the Forces of the Mutineers in their persevering sorties on the 14th, 18th and 23rd of July 1857; and in the glorious struggle within the City, which lasted for six days after it was stormed in September, the 8th Regiment was among the foremost in exhibiting the irresistible effect of the valour and endurance of British Soldiers.

The Regiment formed part of the pursuing Column under Brigadier Greathed, C. B., and was present in the actions at Boolundshuhur, Allygurh and Agra.

It subsequently served with the Force under His Excellency the Commander-in-Chief, in the Relief of the Garrison of Lucknow, and at Cawnpore; and was subsequently employed in the final conquest of the Province of Oude, and exhibited its characteristic bravery in the capture of the Town and Fort of Sandee.

The Governor General begs to assure the 8th Regiment of the very high sense entertained by him of its services and soldierly conduct, whether in Quarters or in the Field, and of the interest which he will always feel in its future welfare.

The Rules are to take effect from the 1st proximo.

Regimental Savings Bank.

1. To afford to the Soldiers of the Army facilities for depositing their Savings there shall be established, in every Regiment and Depôt of Regular Cavalry and Infantry, a Regimental Savings Bank, for the safe custody and increase of such savings, and the following Regulations shall be observed and obeyed wherever the Troops may be serving :—

2. Officers Commanding Troops and Companies shall receive as public money, to be applied to the payment of those public services which it is their duty to defray, such sums as the Soldiers under their Command may from time to time desire and be entitled to deposit in the Savings Bank of the Regiment.

3. The maximum of each Soldier's deposit shall be limited to Rupees 300 in any one year, and to Rupees 2,000 in the whole.

4. The rate of interest upon deposits shall be Rupees 3-12 per cent per annum, but no interest shall be allowed upon a less sum than Rupees 2-8, nor upon any sums other than multiples of Rupees 2-8 or which have not remained in deposit for at least one month to be reckoned from the last monthly muster day, and interest shall only be allowed upon sums withdrawn up to the muster day preceding the day the deposit is withdrawn unless such day shall be the muster day. Interest on all sums in deposit shall be added to the principal quarterly and shall thenceforward bear interest.

5. When a Soldier shall be desirous of withdrawing the whole or any part of his deposit he shall give at least seven days' notice to the Captain or Officer Commanding the Troop or Company to which he belong, in order that the necessary arrangements may be made for repayment of the amount at the next day of monthly muster; but if such Captain or Officer Commanding shall be satisfied of the urgency of the case, and that the immediate withdrawal of the deposit would be for the advantage of the Soldiers, he may direct payment to be forthwith made. Whenever the Officer Commanding the Troop or Company shall have grounds for believing that the Soldier intends to make an improper use of his money, he will be permitted to withhold the privilege of withdrawing the deposit until the Commanding Officer of the Regiment shall determine whether it should then be issued or not, and should the Officer Commanding deem it essential to the discipline of the Regiment to withhold from a Soldier the privilege of withdrawing his deposits, he shall report specially to the Commander-in-Chief and to the Secretary at War the circumstances under which he has felt himself compelled to exercise this power.

6. All moneys deposited by the Soldier in the Regimental Savings Bank shall be held strictly in trust for his own use and benefit, and shall on no account be transferable to any third party either by endorsement, conveyance or otherwise, and shall not be affected by any debts contracted by him nor be made available for any purpose whatever except under his own order signified to the Officer Commanding his Troop or Company, and such moneys shall, if possible, be paid to the Soldier personally, and in all cases his receipt shall be obtained and shall be attached to the Troop or Company Savings Bank Ledger.

7. Upon the discharge of a Soldier his deposits may remain at interest in the Regimental Savings Bank for a period not exceeding six months, after which time interest shall cease, but if required by the Soldier the principal may be retained without interest for longer period for security.

8. At the death, of a Soldier interest on his deposits shall cease from the muster day next after his death, and the amount of his deposits, with the interest accumulated thereon, shall be added to his other effects and be reported to the Secretary at War to be disposed of in the usual manner to the legal representative of the deceased as prescribed in the Articles of War.

9. A Soldier convicted by a Court Martial of desertion or recorded by a Board of Officers in the usual manner as a deserter, shall forfeit to the Public all moneys he may have in the Regimental Savings Bank, and such forfeiture shall only be remitted by the Secretary at War.

10. To prevent parties not in Military employ from availing themselves of the advantages afforded by these Banks, no Soldier is, on any pretence whatever, to deposit in his own name the money of another person whether a Soldier or not, and in case any Soldier shall so deposit the money of another person in addition to any punishment which a Court Martial may award for the fraud thus committed, all sums so deposited shall be forfeited to the Public, and one-half of the amount not exceeding £5 shall be allowed to the informer.

11. In the Orderly Room of every Regiment or Depôt of Cavalry and Infantry there shall be kept under lock and key under the inspection of the Commanding Officer, the Officer Second in Command, and the Adjutant, a Regimental Savings Bank Ledger, in which shall be entered the Savings Bank Account of every Soldier.

12. The entries shall be made in the Regimental Ledger by Troops or Companies so that the amount of each Troop or Company shall be kept separate, and upon the transfer of a Soldier from one Troop or Company to another a transfer of his account shall be made in the Regimental Savings Bank Ledger.

13. A Non-Commissioned Officer shall be selected by the Officer Commanding to act as Clerk to the Regimental Savings Bank, and such Clerk shall make all the entries in the Regimental

Savings Bank Ledger, and shall receive an allowance according to the following scale :—

		Per Month.		
If the Depositors are under 100	... Rs.	8	0	0
If 100 and under 150	... „	10	0	0
If 150 and under 200	... „	15	0	0
If 200 and upwards	... „	20	0	0

14. Each Captain or Officer Commanding a Troop or Company shall keep a Savings Bank Ledger for the accounts of the Non-Commissioned Officers and Men of his Troop or Company.

15. Deposits of savings (not under eight annas) can only be made and entered in the Troop or Company Ledgers and in the Regimental Ledger once in each month, *viz.*, on the day of monthly settlement when all sums withdrawn will be also entered. The Captain or Officer Commanding the Troop or Company will, by his signature in the Troop or Company Ledger, acknowledge the receipt of all deposits made, and the Soldier will, in like manner, acknowledge the receipt of all sums withdrawn.

16. At the end of every Quarter the Troop or Company Ledgers are to be compared with the Regimental Ledger by the Officer Commanding; the Officer Second in Command and the Adjutant, and the Officer Commanding will transmit to the Accountant General to the Government of India each Quarter a Certificate in the form prescribed that this comparison has been made. Should a Troop or Company be absent from Head-Quarters, the comparison of the Ledger of that Troop or Company, with the Regimental Ledger, may be deferred until its return to Head-Quarters; but such delay must be reported upon the Quarterly Certificate and a Certificate duly signed that the comparison has been made must be transmitted to the Accountant General to the Government of India upon the return of the said Troop or Company to Head-Quarters.

NOTE.—In addition to the Annual Certificate transmitted under existing Rules by Regiments in India to the Secretary at War.

17. The Regimental Savings Bank Ledger (certified by the Commanding Officer, Second in Command, and the Adjutant to have been compared with the several Troop or Company Ledgers) and the Monthly Statements of each Troop or Company are to be transmitted to the Accountant General to the Government of India at the end of each year so soon as the balances of each Depositor shall have been carried forward into the Regimental Ledger of the succeeding year.

18. The Accountant-General after auditing the Savings Bank Ledger, and satisfying himself that the money have been duly brought to account by the Pay-Master, will report the result to the Secretary to Government in the Military Department, who will furnish the Officer Commanding the Regiment with a declaration that the account of Regimental Savings Bank to that date has been audited and found correct, and will, on behalf of the Governor General in Council, become responsible to the Depositors that the amount due to each with interest shall be paid out of public money. The declaration of the Secretary to Government, Military Department, will be preserved in the Orderly Room, and the Commanding Officer will notify to the Officers Commanding Troop or Companies that the Account of the Regimental Savings Bank has been audited to that date and admitted by the Secretary to Government, Military Department, to be correct.

19. During active operations in the Field, or whenever circumstances may render it impracticable to attend to the details of the Savings Banks, the General Officer in Command may direct the temporary suspension of this Regulation; but all sums then actually in deposit under the provision of it shall bear interest in the same manner as if it had not been suspended.

Explanatory Directions (Bengal) Regimental Savings Banks.

1. The Captain of each Troop or Company is responsible that the deposits he receives, and the withdrawals he pays, be duly entered in each man's account in the Ledger of his Troop or Company, and that Statements of his receipts and payments in the Form No. 2 be sent monthly to the Orderly Room; also that the amount of deposits and withdrawals be duly debited against him and credited to him by the Pay-Master in the Company's Monthly Abstract of Account.

2. The Officer in Command, the Officer Second in Command, and the Adjutant are responsible for the correctness of the Regimental Savings Bank Leger which is to be prepared in the Orderly Room by the Savings Bank Clerk under their direction from the Statements No. 2, transmitted by the Captains. They are to transmit monthly to the Pay-Master in the Form No. 3 the account of the deposits received and the withdrawals paid by each Captain.

3. The responsibility of the Pay-Master with respect to the Savings Bank is limited to the following points :—He is to debit and credit the respective Captains with such sums as are shown by the Accounts Form No. 3, transmitted to him from the Orderly Room to have been deposited and withdrawn. He is to forward to the Pay-Master, Queen's Troops, the Form No. 3 (Bengal), and to see that he is correctly debited and credited with the Accounts of deposits and withdrawals as shown in Form 3 in the Account Current received from the Pay-Master, Queen's Troops. He is to note for special credit the deposits forfeited by Deserters in the place provided for this purpose in Form 3 (Bengal.) He is to take care that the balances of deposits reported to be due to deceased men are duly carried to their Non-effective Accounts. He is to annex to the Non-effective Accounts of all deserters and deceased men the prescribed Certificates stating whether they had any moneys in the Regimental Savings Bank.

4. If a Soldier deposit more than Rupees 300 in any one, interest can only be allowed upon Rupees 300 until after the next 30th April, from which date interest may be allowed upon any further sum not exceeding Rupees 300 for that year. Interest is not allowed upon any deposit for the month in which it is made, if it be made after the day of monthly settlement. The whole amount to be deposited by a Soldier must not exceed Rupees 3,000.

5. If a Soldier be permanently transferred from one Troop or Company to another, or to another Regiment serving in Bengal, the Captain is not to consider the amount of the Soldier's account as money withdrawn from the Savings Bank, but is to transmit the Certificate Form A. to the Captain to whom the Soldier is transferred and will close the account of such Soldier in his own Troop or Company Ledger in the manner prescribed in Form B. The Certificate A. will be the authority to the Captain receiving the transferred man to

open in his own Troop or Company Ledger an Account (but not as a new deposit in the Savings Bank) in the manner prescribed in Form C. The Certificate A. is to be annexed to the Regimental Savings Bank Ledger.

6. The Captain making the transfer and the Captain receiving such transfer will each bring forward into his Annual Abstract the account of the Soldier as it is shown by his own transactions with the man in the Troop or Company Ledger of each Captain in the manner prescribed in the Form E.

7. Regimental Pay-Master in receiving intimation of the intended embarkation to England of Invalid or other Soldiers shall, within fifteen days of the Soldiers' embarkation, forward to the Pay-Master, Queen's Troops at the Presidency concerned, a correct Statement of their Savings Bank Balances in quadruplicate.

8. The Queen's Troops Pay-Master will fill up the Certificate in the form and furnish the Brigade Major with a copy of the Statements to be forwarded to the War Department by the next Mail *viâ* Marseilles, and two copies will be sent to the Accountant General for transmission to the Secretary of State. The Queen's Troops Pay-Master will also supply the Regimental Pay-Master with a copy of his Certificate.

9. This Rule is applicable as well to Regiments returning Home as to individual Soldiers.

10. When a Soldier has been convicted of desertion or recorded by a Board of Officers as a Deserter, the amount of his deposits is to be withdrawn by the Captain from the Regimental Savings Bank and placed in the hands of the Pay-Master to be by him noted for special credit to the Public in Form 3 (Bengal).

11. Upon the death of a Soldier the Captain is to make up his account to the next day of Monthly Muster and is to withdraw the amount from the Regimental Savings Bank and credit it to Non-effective Account of the Soldier with his other Effects.

12. The monthly allowance to the Savings Bank Clerk is to be vouched by a Certificate of the number of accounts open in the Regimental Savings Bank Ledger.

13. When a Regiment is transferred to Bengal Establishment a new Regimental Savings Bank Ledger must be opened as well as new Ledgers for each Troop or Company.

14. Act No. XI. of 1860.

An Act to enforce the fulfilment of Indigo Contracts, and to provide for the appointment of a Commission of Inquiry.

Preamble.

WHEREAS it is expedient to issue a commission of enquiry into the practice of Indigo planting in Bengal and the relations between the Indigo Planter and the Ryots and holders of land in Bengal, and to make temporary provision for enforcing by summary process the execution of agreements entered into for the cultivation of Indigo plant; and better to provide for the punishment of certain unlawful acts connected with such cultivation; It is enacted as follows:—

Magistrate may on complaint, issue summons for appearance of a person who has received a cash advance and delays or neglects to fulfil his agreement.

I. If any person who has received a cash advance upon his agreement to cultivate Indigo plant during the season now current, shall wilfully delay or omit from and after the 4th day of April 1860 to cultivate according to the conditions of such agreement the whole quantity of land which he has agreed to cultivate, or otherwise to fulfil his engagement, it shall be competent to the Magistrate to entertain a complaint made to the above effect on oath by the Planter who has made the advance, or by any person on his behalf, and to summon the person complained of to appear before him in order to the investigation of the complaint preferred. If the Magistrate has reason to believe that the person complained of will not appear in obedience to the summons, he may issue a warrant for the arrest of such person.

Remedy.

II. On hearing the answer of the person complained of, and on taking such evidence as both parties may adduce, if the complaint be established to the satisfaction of the Magistrate, the Magistrate shall assess a certain sum as damages sustained by reason of the breach of the contract. If it shall appear to the Magistrate that the person who has agreed to cultivate the Indigo plant is still able to perform his contract, the Magistrate shall order him specifically to perform the same, and shall also in such case award a certain sum to be paid as damages as an alternative. In cases in which the land to be cultivated with the Indigo plant is defined by the agreement, the Magistrate may order the attachment, as a security for the amount of the damages assessed or to be assessed for the breach of the agreement, of any other crop of the defaulter that may at any time during the present season be growing on such land. If after an order for specific performance of agreement the defendant fail to perform the agreement or to pay the amount of damages ordered to be paid as an alternative, or if after an order for payment of damages the same be not immediately paid, the Magistrate may order the defendant to be imprisoned in the Civil Jail for a term not exceeding three months; and may on the motion of the complainant furthermore proceed to levy the damages assessed from the property of the defendant, in the mode provided for enforcing decrees of Court under Act VIII of 1859 *(for simplifying the Procedure of the Courts of Civil Judicature not established by Royal Charter.)*

Proviso.

Provided that if the amount of the said damages is paid or levied within the aforesaid term of three months, the defendant shall be released from Jail on that amount being paid or levied.

If agreement obtained by force or intimidation, complaint to be dismissed.

III. In case it shall appear to the satisfaction of the Magistrate that the agreement has been obtained by means of fraud, force, or unlawful intimidation, the complaint shall be dismissed.

IV. If any complaint preferred under this Act be dismissed for want of proof or appearance of the complainant, or for any other cause, the Magistrate may order the complainant to pay such amount for costs and compensation as he may think reasonable. In default of payment of any such amount, the same may be levied by distress and sale of the property of the person ordered to pay the same.

In what cases Magistrate may levy costs and compensation from complainant.

V. If any person from and after the 4th day of April 1860, shall by violence, threats, or otherwise, intimidate or attempt to intimidate any other person who shall have entered into any such agreement as aforesaid, with the intention of inducing such person to break the conditions thereof, he shall, on conviction before a Magistrate, be liable to a sentence of imprisonment with or without labor for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both, such fine being commutable, if not paid, to a further period of imprisonment not exceeding six months.

Magistrate may on complaint, issue summons for appearance of a person who has received a cash advance and delays or neglects to fulfil his agreement.

I. If any person who has received a cash advance upon his agreement to cultivate Indigo plant during the season now current, shall wilfully delay or omit from and after the 1th day of April 1860 to cultivate according to the conditions of such agreement the whole quantity of land which he has agreed to cultivate, or otherwise to fulfil his engagement, it shall be competent to the Magistrate to entertain a complaint made to the above effect on oath by the Planter who has made the advance, or by any person on his behalf, and to summon the person complained of to appear before him in order to the investigation of the complaint preferred. If it shall appear to the Magistrate that the person who has agreed to cultivate the Indigo plant is still able to perform his contract, the Magistrate shall order him specifically to perform the same, and shall also in such case award a certain sum to be paid as damages as an alternative. In cases in which the land to be cultivated with the Indigo plant is defined by the agreement, the Magistrate may order the attachment, as a security for the amount of the damages assessed or to be assessed for the breach of the agreement, of any other crop of the defaulter that may at any time during the present season be growing on such land. If after an order for specific performance of agreement the defendant fail to perform the agreement or to pay the amount of damages ordered to be paid as an alternative, or if after an order for payment of damages the same be not immediately paid, the Magistrate may order the defendant to be imprisoned in the Civil Jail for a term not exceeding three months; and may on the motion of the complainant furthermore proceed to levy the damages assessed from the property of the defendant, in the mode provided for enforcing decrees of Court under Act VIII of 1859 *(for simplifying the Procedure of the Courts of Civil Judicature not established by Royal Charter.)*

Proviso.

III. In case it shall appear to the satisfaction of the Magistrate that the agreement has been obtained by means of fraud, force, or unlawful intimidation, the complaint shall be dismissed.

IV. If any complaint preferred under this Act be dismissed for want of proof or appearance of the complainant, or for any other cause, the Magistrate may order the complainant to pay such amount for costs and compensation as he may think reasonable. In default of payment of any such amount, the same may be levied by distress and sale of the property of the person ordered to pay the same.

Legislative Council of India.

THE 14TH APRIL 1860.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Hon'ble the Governor General on the 9th April 1860 (communicated to the Legislative Council on the 14th idem), and is hereby promulgated for general information :—

ACT. No. XI OF 1860.

An Act to enforce the fulfilment of Indigo Contracts, and to provide for the appointment of a Commission of Enquiry.

Preamble.

WHEREAS it is expedient to issue a commission of enquiry into the practice of Indigo planting in Bengal and the relations between the Indigo Planter and the Ryots and holders of land in Bengal, and to make temporary provision for enforcing by summary process the execution of agreements entered into for the cultivation of Indigo plant; and better to provide for the punishment of certain unlawful acts connected with such cultivation; It is enacted as follows:—

Magistrate may on complaint, issue summons for appearance of a person who has received a cash advance and delays or neglects to fulfil his agreement.

I. If any person who has received a cash advance upon his agreement to cultivate Indigo plant during the season now current, shall wilfully delay or omit from and after the 4th day of April 1860 to cultivate according to the conditions of such agreement the whole quantity of land which he has agreed to cultivate, or otherwise to fulfil his engagement, it shall be competent to the Magistrate to entertain a complaint made to the above effect on oath by the Planter who has made the advance, or by any person on his behalf, and to summon the person complained of to appear before him in order to the investigation of the complaint preferred. If the Magistrate has reason to believe that the person complained of will not appear in obedience to the summons, he may issue a warrant for the arrest of such person.

Remedy.

II. On hearing the answer of the person complained of, and on taking such evidence as both parties may adduce, if the complaint be established to the satisfaction of the Magistrate, the Magistrate shall assess a certain sum as damages sustained by reason of the breach of the contract. If it shall appear to the Magistrate that the person who has agreed to cultivate the Indigo plant is still able to perform his contract, the Magistrate shall order him specifically to perform the same, and shall also in such case award a certain sum to be paid as damages as an alternative. In cases in which the land to be cultivated with the Indigo plant is defined by the agreement, the Magistrate may order the attachment, as a security for the amount of the damages assessed or to be assessed for the breach of the agreement, of any other crop of the defaulter that may at any time during the present season be growing on such land. If after an order for specific performance of agreement the defendant fail to perform the agreement or to pay the amount of damages ordered to be paid as an alternative, or if after an order for payment of damages the same be not immediately paid, the Magistrate may order the defendant to be imprisoned in the Civil Jail for a term not exceeding three months; and may on the motion of the complainant furthermore proceed to levy the damages assessed from the property of the defendant, in the mode provided for enforcing decrees of Court under Act VIII of 1859 *(for simplifying the Procedure of the Courts of Civil Judicature not established by Royal Charter.)*

Proviso.

Provided that if the amount of the said damages is paid or levied within the aforesaid term of three months, the defendant shall be released from Jail on that amount being paid or levied.

If agreement obtained by force or intimidation, complaint to be dismissed.

III. In case it shall appear to the satisfaction of the Magistrate that the agreement has been obtained by means of fraud, force, or unlawful intimidation, the complaint shall be dismissed.

IV. If any complaint preferred under this Act be dismissed for want of proof or appearance of the complainant, or for any other cause, the Magistrate may order the complainant to pay such amount for costs and compensation as he may think reasonable. In default of payment of any such amount, the same may be levied by distress and sale of the property of the person ordered to pay the same.

In what cases Magistrate may levy costs and compensation from complainant.

V. If any person from and after the 4th day of April 1860, shall by violence, threats, or otherwise, intimidate or attempt to intimidate any other person who shall have entered into any such agreement as aforesaid, with the intention of inducing such person to break the conditions thereof, he shall, on conviction before a Magistrate, be liable to a sentence of imprisonment with or without labor for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both, such fine being commutable, if not paid, to a further period of imprisonment not exceeding six months.

Penalty for intimidation, &c.

VI. If any person shall maliciously destroy or damage, or if any person shall maliciously command, compel, or persuade any other person to destroy or damage any growing crop of Indigo, he shall, on conviction before a Magistrate, be liable to be sentenced to imprisonment with or without labor for a period not exceeding six months, or to a fine not exceeding two hundred Rupees, or to both, such fine being commutable, if not paid, to a further period of imprisonment not exceeding six months.

Penalty for destroying or damaging crops.

VII. No appeal shall lie from the decision of a Magistrate under this Act.

No Appeal.

VIII. The power of a Magistrate under this Act may be exercised by any person vested with the full powers of a Magistrate, and by any Assistant Magistrate or Deputy Magistrate specially empowered on that behalf by the local Government.

IX. A decision of a Magistrate shall be a bar to any further proceeding for the same breach of agreement. No decision under this Act shall have any force or effect in regard to anything not to be performed during the current season.

X. This Act shall have effect from and after the 4th day of April 1860, and shall not extend beyond the Territories subject to the Lieutenant-Governor of Bengal. And no complaint or prosecution shall be entertained under this Act, unless preferred within six months from the date aforesaid.

Duration and territorial scope of Act.

Limitation of action.

And all Magistrates and other Public Officers are hereby indemnified for any acts done before the said 4th day of April 1860, which would have been justifiable under the said Bill if the same had become law on the said 24th day of March 1860.

THE 21ST APRIL 1860.

A Bill for the establishment and maintenance of Boundary Marks, and for facilitating the settlement of Boundary Disputes in the Presidency of Fort Saint George.

Preamble.

WHEREAS it is desirable, with a view to the better definition and security of landed property, the prevention of encroachments and disputes, and the identification of lands assessed to, or exempted from, the public revenue in the Presidency of Fort Saint George, that provision should be made for the establishment and maintenance of permanent marks to distinguish the boundaries of fields, holdings, estates, and villages, and for facilitating the settlement of Boundary disputes and claims ; It is enacted as follows :—

Repeal of Act XX of 1855.

I. Act XX of 1855 is hereby repealed.

II. It shall be lawful within the said Presidency for a Collector of Land Revenue, or person exercising the powers of Collector, or for any Revenue Settlement Officer, and also for any other Officer appointed by the Government for the purpose, whenever he may be of opinion that such demarcation is necessary for the prevention or adjustment of disputes (or for conducting and perpetuating a survey or a settlement of land revenue), to fix the boundaries of fields, holdings, estates, or villages, and to require the owner or occupant of the field, holding, or estate, or the headman (by whatever name designated) of the village, to clear the boundary line where overgrown with jungle, and also to set up, form, and maintain Boundary marks, of such materials, and in such number and manner, as may be determined by such Officer under the direction of the Board of Revenue, or of the Director of Revenue Settlement, as the case may be, to be sufficient to distinguish the limits of the field, holding, estate, or village.

III. It shall further be lawful for such Officer aforesaid to call upon the owners or occupants of lands about to be surveyed, and also on all persons claiming to have any rights or interests in such lands, to register the rights and titles exercised or claimed by them in the lands, and to produce before him for inspection and registry all grants, title deeds, and other documents, connected with their claims.

Penalty for owner, &c. refusing or failing to attend, and for any person making false statement, &c.

IV. Any occupant or owner of land or other person whose attendance may be considered necessary for the purposes of this Act, who, on being summoned by such Officer aforesaid, shall refuse or fail to attend at the demarcation, measurement, or assessment of his field, holding, or estate, or for the determining and marking the village boundary, or for the investigation and registry of his rights and claims in relation to such holding, estate, or property, or for the investigation and determination of any boundary—and any person who shall wilfully make any false statement, or shall wilfully refuse or neglect when called upon to give any information in his power with respect to a boundary under enquiry—shall be liable, by order of such Officer aforesaid, to a fine not exceeding fifty Rupees, to be levied by warrant under the hand of the Officer imposing it, in the same manner as a fine imposed by a Magistrate for a misdemeanor, and with a like alternative of imprisonment in default, as defined in Act II of 1839.

V. When a survey is in progress, notices shall be served on the persons owning or occupying the fields, holdings, estates, or villages concerned, requiring them to clear the boundaries, and to set up, form, or repair, or to render such aid and labor as may be necessary to form or repair under the supervision of the Government Officers, such boundary marks as may be required, within a reasonable time ; and in the event of such persons not being found in their village, the notice shall be posted in a conspicuous place in the village, which shall be held to be a sufficient service, notwithstanding it may afterwards appear that the owners or occupants were not correctly named or designated in the said notice. .

In default of compliance, Officer may order erection or repair of necessary marks at the expense of the owners or occupants.

VI. In default of the owners or occupants of the fields, holdings, estates, or villages complying with such requisition, the said Officer may give directions for the erection and repair of the necessary Boundary marks, the cost of which shall be equitably appointed on the fields, holdings, estates, or villages which they serve to distinguish, and shall be charged to the persons possessing a right of ownership or occupancy in such fields, holdings, estates, or villages in such manner as such Officer aforesaid may consider just, and shall be levied in the same manner as arrears of land revenue.

Procedure when owners or occupants require erection of boundary marks at their expense.

VII. Whenever such owners or occupants of any fields, villages, holdings, or estates, may generally signify their wish for the Boundary marks to be erected on the part of Government and the cost to be charged to them, or where in arrangements for the demarcation of the general survey of a village, estate, talook, or district, it may appear to such Officer aforesaid to be desirable to undertake the demarcation of lands under a uniform system by the Officers of Government, the Officer aforesaid may proceed without the previous notice prescribed in Section V to the clearing of boundaries, and the erection and repair of the Boundary marks, and may recover the cost of the same if unpaid in the manner described in Section VI.

In the case of unoccupied fields &c., cost to be charged to Government.

VIII. In the case of unoccupied fields, and of extensive hills and jungles in Government lands, the cost of marks for such fields, hills, and jungles, shall be charged to Government.

IX. Any person convicted before a Magistrate or person exercising Magisterial powers of wilfully and without lawful excuse erasing, altering, removing, or injuring any Boundary marks whatsoever, whether established under this Act or otherwise existing, or any survey or other marks, or any marks set up for the purpose of the investigation or adjudication of disputes by an Officer of Government or any person acting under his orders, shall be liable to a fine not exceeding fifty Rupees for each mark so erased, removed, or injured, of which fine a portion not exceeding one-half may be awarded to the informer, and the remainder shall be chargeable with the cost of restoring the mark; the fine to be levied in the mode prescribed above in Section VI. Provided always that a Magisterial Officer shall have power to impose a fine under this Clause only to the amount to which he is competent to fine in misdemeanors under his general powers. Whenever it may not be impossible to detect the person who erased, altered, removed, or injured such boundary or survey marks, the Officer as aforesaid may give directions for the restoration or repair of the marks, and may order the cost thereof to be charged to the owners or occupants of the adjacent lands in such shares as may appear to him proper, or apportioned among the Ryots of the village in proportion to their land assessment as he may consider just and equitable, the same to be levied in the manner prescribed above in Section V.

Financial Department.

No. 31.

Fort William, the 23rd April 1860.

THE following Resolution is published for general information:—

READ again the Resolution of Government in this Department, on the subject of a Financial Budget, Estimates and Audit.

RESOLUTION.—By the Financial Resolution of the 7th April 1860, the objects and importance of a Budget containing previous Estimates of expenditure on each particular service for each year, were pointed out. It was also ordered that Estimates for the coming year should be immediately submitted by each local Government, as also by each Department of the State not under a local Government, to the Financial Department of the Supreme Government. In furtherance of one among the many objects of the Budget, the attention of the Supreme Government has been given to the matter of Stores for the Public Department consisting of Ordnance and Military Stores, Commissariat, Medical, Clothing, Stationery, Marine and Public Works Stores.

2. The supply and accumulation of Stores throughout India, have, as might have been expected, increased enormously since the disturbances of 1857. The amount value of Stores of every description supplied from England alone has risen to more than one and a half crores of Rupees, or one and a half million Sterling in the year 1858-59, and it is probable that the value of all Stores on hand may now amount to twelve crores of Rupees, or twelve millions Sterling.

3. The magnitude of these amounts will show the necessity that exists, that only the requirements absolutely essential to efficiency should be made in all branches of the Service; the provision of Stores in India and requisitions for them from Home being limited accordingly.

4. Special consideration should be given to this point, when the amounts necessary for each service are entered by Heads of Departments in the coming Budget, and as the circumstances which necessitated the supply of such a vast amount of Stores have happily ceased, and as the accumulation now on hand is unprecedentedly large, it may confidently be anticipated, that, with the cessation of active operations and the reduction of the Military Forces, the demands for Stores for the next

Official Year may be greatly curtailed, and the finances proportionately relieved.

5. The local Governments and Heads of Departments must be careful to secure the absolute efficiency of the service, and at the same time provide for all reasonable contingencies, but this limit must be rigorously observed, and all expenditure in excess thereof, all unnecessary accumulation of Stores, and excess in allotments thereof carefully avoided.

6. Each Head of a Department must consider himself directly responsible to Government for enforcing all practicable economy in his Department and when indenting for Stores limit his requisitions to the lowest amount consistent with efficiency. Judgment must be exercised as to the quantity needed of each individual article. The quantity actually in hand will be observed, and it will be considered whether more need be indented for or not. If more must be indented for, still this requisition must be limited to the lowest amount practicable. It will be distinctly understood that the requisitions, both as regards quantities and nature of Stores, will be complied with as promptly as practicable, and the importance of this point will be earnestly pressed by the Government of India on the Home Government.

7. Also economy will be promoted by the concentration of Departmental Stores in as small a number of Depôts as possible, so as to bring all within the supervision of the Controlling Officer and diminish the aggregate of Stores.

8. The Executive Officers entrusted with the charge of Stores must, on their part, carefully watch over their issue and expenditure, for it is only by means of this minute supervision of details that the aggregate quantity of Stores consumed can be kept in check, and Government will not fail to look to its Controlling and Executive Officers for the exercise of vigilance in their respective spheres.

9. In the Ordnance Department the value of the aggregate quantity of Stores on hand throughout the Empire is enormous, amounting to not less than eight crores of Rupees considerably more than the amount value of Stores on hand before 1857, notwithstanding the great losses of Arms, &c., consequent on the mutiny and the subsequent large consumption of Stores.

10. The quantities of Ordnance Stores procured on Indent from Home purchase in the Country obtained from the Commissariat, and made up in Magazines, have all greatly increased and although this is in part due to the large expected requirements of the Service, the change of Arms from the old Musket to the Enfield Rifle in the European Infantry generally, and to the augmentation in the number of Guns owing to the increase made to the Artillery since the disturbances, still after every allowance has been made for these circumstances, the amount of Stores in hand is so great as apparently to ensure with small additions a sufficiency to meet probable requirements for some time to come, say for three years at least, and for a period longer than that for which it is usually considered necessary to lay in Stores This anticipation is strengthened by the consideration of the extensive reductions in the Military Forces, already made and still in progress, and by the fact that this abundance of Ordnance Stores appears to exist in all parts of the Empire alike, and in respect to most, if not all of the articles both in use and in reserve. As regards the Madras and Bombay Presidencies, it has been ascertained on the most competent authority that the supply from Home during the next year may be very much limited, and judging from the past requisitions, it may be expected that a similar limitation will be found practicable as regards the Bengal Presidency.

11. The Inspectors General of Ordnance should, therefore, before framing their Estimates for the coming Budget, revise unfulfilled requisitions for Stores from Home, and, whilst having due regard to the probable need of the service on the one hand and the amount of Stores now available on the other, consider that it is necessary in the present state of the Finances to reduce supplies in proportion to the reduction of the Military Forces, and to limit demands both in England and India to the lowest point consistent with efficiency; the same principle being followed by the Supreme Government in sanctioning the final Budget.

12. The quantity of Malt Liquor supplied from Home to the Commissariat during the past two years has been very great; and calculated on a scale to meet the wants of a much larger force than is now maintained; and should now therefore be so far limited as to avoid wastage, whilst at the same time providing for the contingencies to which this branch of supply is liable, and as the Stores of liquor of other kinds also are known to be generally abundant, the question of the necessity of further increase to them should be carefully weighed before further supplies are laid in.

13. The quantity of grain and other supplies laid in at the fortified places throughout the Empire has been reduced since the re-establishment of peace; and as such supplies can always be obtained in the country at the shortest notice, the strict limit of actual Military requirements must be observed as regards this item of expenditure: the Commissaries General instructing the Officers of that Department to frame their requisitions so as not to exceed the requirements of the Army on its reduced strength.

14. The quantities of some articles of Store on hand in the Medical and Clothing Departments are far from excessive, and indeed in some cases actually deficient. This extreme should be as carefully avoided as the opposite as often leading Government into unnecessary expense and putting the Service to inconvenience; but in these Departments also, wherever any article of Store is already abundant, the same rule as prescribed for other Departments will be adhered to in framing the Estimates for the ensuing year.

15. In the Public Works Department, the accumulation of Stores which existed when the progress of work was partially suspended may probably by this time have been greatly reduced, and as the Financial means available do not at present admit of the rapid advancement or wide extension of operations in that Department, the supplies should be limited accordingly. The Chief Engineer of each Presidency or Circle must be well acquainted with the exact state of the work under his supervision, and can therefore judge of the amount of stock needed in each Executive Division; and the resources of each of the several work-shops should also be considered when making demands for supplies from other sources.

ORDER.—Ordered, that a copy of the above Resolution be forwarded to the Departments, Governments, and Accountants noted in the margin, for information and guidance.

Any occupant or owner of land or other person whose attendance may be considered necessary for the purposes of this Act, who, on being summoned by such Officer aforesaid, shall refuse or fail to attend at the demarcation, measurement, or assessment of his field, holding, or estate, or for the determining and marking the village boundary, or for the investigation and registry of his rights and claims in relation to such holding, estate, or property, or for the investigation and determination of any boundary—and any person who shall wilfully make any false statement, or shall wilfully refuse or neglect when called upon to give any information in his power with respect to a boundary under enquiry—shall be liable, by order of such Officer aforesaid, to a fine not exceeding fifty Rupees, to be levied by warrant under the hand of the Officer imposing it, in the same manner as a fine imposed by a Magistrate for a misdemeanor, and with a like alternative of imprisonment in default, as defined in Act II of 1839.

The following Notice, respecting the new Cape of Good Hope Light, is published for general information:—

GOVERNMENT NOTICE.—No. 64, 1860.

Colonial Office, Cape of Good Hope,
16th February 1860.

His Excellency the Lieutenant-Governor has directed the publication of the following Notice, describing the new CAPE OF GOOD HOPE LIGHT, which will be exhibited on the first day of May 1860.

By Command of His Excellency the Lieutenant-Governor, administering the Government,

RAWSON W. RAWSON,
Colonial Secretary.

CAPE OF GOOD HOPE LIGHT.

The bearings are true, and the distances nautical miles.

An iron Tower has been erected on the Cape of Good Hope,—a light from which will be exhibited on the first of May 1860.

The Tower is 30 feet above the ground, and is painted white; the light is 816 feet above the sea, and is visible in all directions from N. 34° W., round by the West, South, East, and North, to N. 7° W., *save and except* on a sector included between N. 54° W. and N. 61° W., where it is obscured by the intervention of a high peak, 880 feet above the sea, and 1,800 yards from the light Tower.

The light is on the catoptric principle and of the first class: it is white—revolving—and shows its most brilliant beam once in a minute for the space of twevle seconds of time, and it is visible in clear weather from a deck 16 feet high at the distance of 36 miles.

Latitude of the light	...	34° 21′ 12″	S.
Longitude	...	18° 29′ 30″	E.

The light Tower stands N. 49° W., 925 yards from the Dias Rock, which is the Southern extremity of the Cape Peninsula.

The following bearings and distances are given from the light:—

Anvil Rocks	...	S. 54° E.	1·8 miles
Bellows	...	S. 1° W.	2·1 „
S. W. Reef	...	S. 55° W.	1·8 „
Whittle Rock	...	N. 27° 30′ E.	7·2 „

A current of varied strength sets round the Cape and turns to the N. W. from the Bellows Rock. This rock always breaks; but not so the Anvil, which only breaks at low water and with a heavy swell. Sailing Vessels should not pass between these dangers and the Cape, unless with a commanding breeze. The rocky patch, "S. W. Reef," lies South 42° W., one mile only from the S. W. corner of the Cape Peninsula, and there is foul rocky ground between it and the shore.

Ships from the Eastward should not bring the light to bear more Westerly than W. by N., by which they will clear all dangers off Cape Hanglip. A tongue of low land stretches from this Cape in a S. 23° W. direction for $1\frac{1}{16}$ miles, rendering caution

necessary in passing Hanglip in hazy weather, especially if bound into Simon's Bay. If bound for Table Bay from the Eastward, Vessels, after rounding the Cape of Good Hope and passing Slangkop Point, should not shut in the light with that point until the Green Point light becomes visible (which will be on a N. 41· E bearing.) This course will carry them about two miles to the westward of the Vulcan Rock, which lies off the Northern entrance to Hout Bay; a course for Table Bay may then be shaped with safety.

Vessels from the Westward bound for Simon's Bay, after rounding the Cape of Good Hope and having brought the Southern end of the lofty Zwartkop range (which stands over the northern side of Smith's Winkle Bay,) to bear West—should keep the light on Cape Point between S. 2· W. and S. 23· W., until the Roman Rock light bears between N. 30· W. and N. 47· W., when they may haul towards it. These limits leave the rocks off Millar's Point on the one hand and the Whittle Rock on the other, half a mile distant. Should the weather be hazy and the whitewashed mark and beacon for the Whittle Rock indistinct—there is a dark peak over the Southern side of Hout Bay which being brought on with Elsey Peak on a N. 42· W. bearing, will lead clear (but close) to the Westward of the Whittle Rock.

Para. 1.—The earnest recommendation conveyed in your letter dated 8th October last, that, in lieu of the small amount of Prize Money realized by the Persian Expeditionary Force, six months' Donation Batta should be granted to the Land and Sea Forces engaged in that Expedition, has been under the consideration of Her Majesty's Government ; and I have now the pleasure of informing you that Her Majesty's Government have acceded to your recommendation, and have resolved that a Donation of six months' Batta be presented to the Officers, Soldiers and Seamen engaged in the Expedition, in acknowledgment of the great services rendered by them.

Circular Memorandum addressed to the Army at Home and Abroad.

Horse Guards, S. W.,
1st June 1859.

General No. 170.

Medal and Gratuities.
1 (1859.)

It being desirable that the principles which regulate the grant of Annuities and Medals to Serjeants who may be already in possession of Medals and Gratuities should be more clearly defined than they are at present. The following Rules have been

framed by His Royal Highness the General Commanding-in-Chief, in concurrence with the Secretary of State for War, for the guidance of the Army generally :—

1. The Medal accompanying the Annuity, and inscribed " for Meritorious Service," is to be considered as given for service of the same nature as that accompanying the Gratuity. " For Long Service and Good Conduct," the former being held by Serjeants only, the latter by Non-Commissioned Officers and Privates indifferently.

2. Both Annuity and Gratuity are also given, under special circumstances, accompanied by Medals similarly inscribed " For distinguished Conduct in the Field."

3. When a Serjeant, on becoming an Annuitant, receives a Medal denoting by its inscription that it is given for service similar to that for which he has already received a Medal, he will be required to relinquish the latter Medal, together with its accompanying Gratuity, and to sign a Declaration that he does so voluntarily.

4. When, however, the inscription on the Medal granted to a Serjeant, together with an Annuity, shows that it is given for service of a different nature from that for which he already holds a Medal, he will be required to relinquish the Gratuity only, making a like declaration as to the voluntary relinquishment.

5. Commanding Officers are at liberty to recommend the re-appropriation of a relinquished Gratuity to any other deserving Soldier or Soldiers, provided they shall have been serving in the year for which the Gratuity was originally awarded, and shall have fulfilled the required conditions as to service and character in that year.

By Command,
(Signed) G. A. WETHERALL,
Adjutant-General.

It is notified that Her Majesty's Government have resolved that the principles laid down in the above Memorandum shall be made applicable to Her Majesty's Indian Army.

Legislative Council of India.

THE 21ST APRIL 1860.

THE following Bill was read a second time in the Legislative Council of India on the 21st April 1860, and was referred to a Select Committee who are to report thereon (under a suspension of the Standing Orders) after one month :—

A Bill for the establishment and maintenance of Boundary Marks, and for facilitating the settlement of Boundary Disputes in the Presidency of Fort Saint George.

Preamble.

WHEREAS it is desirable, with a view to the better definition and security of landed property, the prevention of encroachments and disputes, and the identification of lands assessed to, or exempted from, the public revenue in the Presidency of Fort Saint George, that provision should be made for the establishment and maintenance of permanent marks to distinguish the boundaries of fields, holdings, estates, and villages, and for facilitating the settlement of Boundary disputes and claims; It is enacted as follows :—

Repeal of Act XX of 1855.

I. Act XX of 1855 is hereby repealed.

Collectors, &c., to fix boundaries of fields, &c., and to require owners or occupants to clear boundary line and form and maintain boundary marks, &c.

II. It shall be lawful within the said Presidency for a Collector of Land Revenue, or person exercising the powers of Collector, or for any Revenue Settlement Officer, and also for any other Officer appointed by the Government for the purpose, whenever he may be of opinion that such demarcation is necessary for the prevention or adjustment of disputes (or for conducting and perpetuating a survey or a settlement of land revenue), to fix the boundaries of fields, holdings, estates, or villages, and to require the owner or occupant of the field, holding, or estate, or the headman (by whatever name designated) of the village, to clear the boundary line where overgrown with jungle, and also to set up, form, and maintain Boundary marks, of such materials, and in such number and manner, as may be determined by such Officer under the direction of the Board of Revenue, or of the Director of Revenue Settlement, as the case may be, to be sufficient to distinguish the limits of the field, holding, estate, or village.

Collector to call upon owners or occupants to register and produce title deeds before survey.

III. It shall further be lawful for such Officer aforesaid to call upon the owners or occupants of lands about to be surveyed, and also on all persons claiming to have any rights or interests in such lands, to register the rights and titles exercised or claimed by them in the lands, and to produce before him for inspection and registry all grants, title deeds, and other documents, connected with their claims.

Penalty for owner, &c. refusing or failing to attend, and for any person making false statement, &c.

IV. Any occupant or owner of land or other person whose attendance may be considered necessary for the purposes of this Act, who, on being summoned by such Officer aforesaid, shall refuse or fail to attend at the demarcation, measurement, or assessment of his field, holding, or estate, or for the determining and marking the village boundary, or for the investigation and registry of his rights and claims in relation to such holding, estate, or property, or for the investigation and determination of any boundary—and any person who shall wilfully make any false statement, or shall wilfully refuse or neglect when called upon to give any information in his power with respect to a boundary under enquiry—shall be liable, by order of such Officer aforesaid, to a fine not exceeding fifty Rupees, to be levied by warrant under the hand of the Officer imposing it in the same manner as a fine imposed by a Magistrate for a misdemeanor, and with a like alternative of imprisonment in default, as defined in Act II of 1859.

Service of notices on owners and occupants.

V. When a survey is in progress, notices shall be served on the persons owning or occupying the fields, holdings, estates, or villages concerned, requiring them to clear the boundaries, and to set up, form, or repair, or

to render such aid and labor as may be necessary to form or repair under the supervision of the Government Officers, such boundary marks as may be required, within a reasonable time ; and in the event of such persons not being found in their village, the notice shall be posted in a conspicuous place in the village, which shall be held to be a sufficient service, notwithstanding it may afterwards appear that the owners or occupants were not correctly named or designated in the said notice.

In default of compliance, Officer may order erection or repair of necessary marks at the expense of the owners or occupants.

VI. In default of the owners or occupants of the fields, holdings, estates, or villages complying with such requisition, the said Officer may give directions for the erection and repair of the necessary Boundary marks, the cost of which shall be equitably appointed on the fields, holdings, estates, or villages which they serve to distinguish, and shall be charged to the persons possessing a right of ownership or occupancy in such fields, holdings, estates, or villages in such manner as such Officer aforesaid may consider just, and shall be levied in the same manner as arrears of land revenue.

Procedure when owners or occupants require erection of boundary marks at their expense.

VII. Whenever such owners or occupants of any fields, villages, holdings, or estates, may generally signify their wish for the Boundary marks to be erected on the part of Government and the cost to be charged to them, or where in arrangements for the demarcation of the general survey of a village, estate, talook, or district, it may appear to such Officer aforesaid to be desirable to undertake the demarcation of lands under a uniform system by the Officers of Government, the Officer aforesaid may proceed without the previous notice prescribed in Section V to the clearing of boundaries, and the erection and repair of the Boundary marks, and may recover the cost of the same if unpaid in the manner described in Section VI.

In the case of unoccupied fields &c., cost to be charged to Government.

VIII. In the case of unoccupied fields, and of extensive hills and jungles in Government lands, the cost of marks for such fields, hills, and jungles, shall be charged to Government.

Penalty for erasing, &c., marks—a portion of which to be paid to informer.

IX. Any person convicted before a Magistrate or person exercising Magisterial powers of wilfully and without lawful excuse erasing, altering, removing, or injuring any Boundary marks whatsoever, whether established under this Act or otherwise existing, or any survey or other marks, or any marks set up for the purpose of the investigation or adjudication of disputes by an Officer of Government or any person acting under his orders, shall be liable to a fine not exceeding fifty Rupees for each mark so erased, removed, or injured, of which fine a portion not exceeding one-half may be awarded to the informer, and the remainder shall be chargeable with the cost of restoring the mark ; the fine to be levied in the mode prescribed above in Section VI.

Proviso.

Provided always that a Magisterial Officer shall have power to impose a fine under this Clause only to the amount to which he is competent to fine in misdemeanors under his general powers.

Costs how to be recovered when offender is not known or unable to pay the fine.
